CAPTURED IN SAYRE

"D. S. Sanford," Alleged Chicken Purloiner Rounded Up.

OPERATED QUITE EXTENSIVELY

Sailed Under the Nom de Plume of D. S. Sanford of Waverly—Had the Nerve, Got the Pullets, the Money and then Got Caught.

Notwithstanding and unnoticing the fact that there is one gentleman in the Bradford county jail serving ten months for stealing a rooster and hen, a bold bad individual burdened with nerve, sailing under the non de plume of D. S. Sanford of Waverly, N. Y., sailed into Towanda, delt in stolen chickens and got out before he was unmasked, but his liberty and laughfest was of short duration, as last night Constable Hollon received a telephone message from Chief Brooks of Waverly, to the effect that he and Chief of Police Mulligan of Athens, has arrested Sanford, who was no other than Dave Velie, and that he was in the Athens lockup, ready for delivery to the Towanda officers.

Velie or Sanford as he was known here came to Towanda in the middle of May, registered at a First ward hotel and palmed himself off as a junk dealer. On Thursday, June 6, Mrs. Emma Howe and Mrs. Sara Hawkins of North Towanda, notified Constable Hollon that they had been robbed of 16 chickens. Constable Hollon and Chief Miller started an investigation and located the chickens in Wysox, they having been sold to Madison Shores, and he was about to dress them for the market when notified that they were stolen fowls. He brought them to Towanda, and Mrs. Howe readily idenified them as belonging to her.

Sanford had sold the chickens to Shores and the officers went upon his trail red hot. They traced his movements through North Towanda on the night of the purloining, was met by parties to whom he spoke, and it was learned that he had dropped his chickens before he met them and then went back, this being part of his system. The following Saturday morning he was again met by parties in North Towanda going home from a dance, and this time they found a bag of chickens in a ditch where Sanford had thrown them to avoid detection. They picked up the bag and carried the chickens to a farm house where they were placed in a coop. The next morning Mrs. Violetta Mills identified the chickens as belonging to her flock.

This made the third coop belonging to widow women in North Towanda which Sanford looted. Since then he has been strangely missing. The officers learned that he had been supplying Towanda markets and hotels and on one occasion hired an express wagon to deliver stolen fowls to a local hotel in broad daylight, this also being part of his system.

Sanford is described as being about 40 years of age, five feet eight inches tall, weight 150 pounds, sandy mustache and hair slightly grey. When last seen he wore a lead colored soft hat. Constable Hollon offers $10 for information leading to his arrest.

Officers Miller and Hollon communicated with Chief Brooks, who on Wednesday located the wanted man at a house about two miles from Waverly. He was with a man named Graves and after a short time, Chief Brooks notified Constable Hollon that he and Chief Mulligan of Athens, had captured Velie in Sayre, and would hold him until wanted. Constable Hollon went to Athens Thursday morning and brought Velie to the county jail where he is being held pending a hearing.

The officers believe in the capture of Velie they have the party who has been successfully working the chicken purloining game in this section for the past several weeks.

Canton Will Have Street Fair.

The Canton Village Improvement society has decided to hold a street fair on July 4. Center street from Main to Union street will be decorated for the occasion. The following are the new officers for the association: President, Mrs. Daniel Innes; first vice-president, Mrs. G. E. Newman; second vice-president, Mrs. C. A. Innes; third vice-president, Mrs. P. J. Ronan; fourth vice-president, Mrs. W. W. Whitman; treasurer, Mrs. Fred Clark; directress, Mrs. Byron Crawford.

Wild Cat and Kittens.

While driving in Overton township one day last week, Sheriff Griffin scared up a ferocious looking wildcat with two kittens. They ran across the road ahead of the sheriff's team, and reaching a wood, the mother cat turned, showed her teeth to the sheriff and disappeared.

INJURED IN BERNICE MINE.

Louis Hatton Terribly Crushed Between Cars and Props.

Louis Hatton, son of Mr. and Mrs. George L. Hatton, former well known residents of South Towanda, was seriously injured on Tuesday while at work in the Bernice coal mine. He was engaged as motorman on an electrical engine and was caught between the cars and props, sustaining terrible internal injuries.

For a time his case seemed hopeless but at present he is improving and Drs. Heerman and Christians, the attending physicians, believe he has good chances for recovery.

HIGH SCHOOL STUDIES.

Prospective Students of the Towanda School Should Read This.

ATTACKED SHERIFF IN CELL.

Rumsey, Accused of Murdering His Father, Tries to Escape.

The story of an assault upon Sheriff Hatfield, of Tioga county, by Clarence Rumsey, who is in jail at Wellsburg, awaiting thial on the charge of murdering his father, has just been made public, although the assault occurred some days ago. Rumsey had requested that a barber be sent to his cell to shave and cut his hair, and after consulting with Judge Cameron the sheriff granted the request, the prisoner being securely handcuffed before the barber was admitted.

After the barber had finished his job and left the cell the sheriff removed the handcuffs from Rumsey and turned to leave. As he did so Rumsey sprang upon him and attempted to trip him with the evident intention of gaining possession of the keys and escaping. Rumsey is a small man while Hatfield is a heavily built man, and for a brief time things were lively within the cage.

The sheriff at last succeeded in getting his prisoner in front of him and as he placed the fingers of his good right hand at Rumsey's throat the latter forgot about his desire to escape and begged to be left alone.

Broken Hearted, Wanted to Die.

Because his sweetheart changed her mind on their wedding day, and declared everything off, Nathan Pitcher of Athens, drank carbolic acid in a Waverly saloon, with the hope of ending it all. Bystanders kept him from carrying out his rash plans and he was locked up. He had a home alreardy furnished for his intended bride, but she changed her mind at the eleventh hour. Pitcher took to drinking and was intoxicated when he tried to down the acid.

Chaffee Reunion.

The eighth annual reunion of the descendants of Luther Chaffee will meet at the home of Clarence Chaffee, in Camptown, June 29. All are requested to be present.

CONTRACT FOR JAMES STREET BRIDGE WILL NOT BE AWARDED.

NEW PLACES CREATED AND SALARIES INCREASED.

Highway Department Will Be Reorganized to Comply With New Law.

The Roberts bill relating to the reorganization of the State Highway department, and prescribing additional duties for the department has become a law by approval of the governor. This is one of the new laws of more than ordinary interest to the average citizen. Salaries have been increased and new places created as follows:

Commissioner, $5,000 to $6,500, and the limit of $1,000 for expenses removed; position of deputy at $3,600 created; assistant continued at $3,000, but $1,000 expense account limit removed; number of engineers increased from six to 12 and salaries increased from $2,000 to $2,400; position of chief draughtsman at $2,400 created; three draughtsmen at $1,800, formerly two at $150; chief clerk from $2,000 to $2,400; two clerks and stenographers at $1,200, formerly one at $1,200; two new clerks at $100 each; two bookkeepers at $1,000, formerly one at $1,200; two new clerks at $1,000 each.

The general amendments to the bill are numerous. The highway commissioner is given full authority to determine the kinds of roads to be built, thus removing the friction between the department and the county commissioners. The provisions of the law are extended to incorporated boroughs.

The construction of gas or water lines along the roads is prohibited, except under regulations made by the department. Monuments are to be erected bearing the words "State Highway," and the year and date. The commissioner is given authority to plant shade trees along all state highways. This expenditure is to be included in the cost of the road. The trees are to remain the property of the state.

MORE BRIDGES TO BE BUILT.

Commissioners Advertising for Bids—Six New Structures.

Six bridge structures are to be erected in Bradford county, the work to be commenced this summer and finished as soon as possible. In this week's Reporter-Journal, issued on Thursday, the commissioners are advertising for the construction of bridges as follows:

No. 1—Bridge in Alba borough over Alba creek; one reinforced concrete box culvert 11 feet opening and about 60 feet long.

No. 2—Bridge in West Burlington township over Tom Jack creek; one span 67 feet long, 14 foot roadway.

No. 3—Bridge in Wilmot township over Sugar Run creek; one span 52 feet long, 14 foot roadway.

No. 4—Bridge in Wells township over Seeley creek; one span 107 feet long, 14 foot roadway.

No. 5—Bridge in Rome township over Bullard creek; one span 39 feet long, 16 foot roadway.

No. 6—Bridge in Warren township over Wappesening creek; one span 43 feet long; 14 foot roadway.

Bridge Repairing.

The commissioners are also advertising for bids for the supply and erection of steel floor joists, bed plates and bolts, laying of floor plank furnished by the county, and repairing a bridge at Stevensville, Pike township, Tyrrell, Pike township, and West Warren, Warren township. These bids will be opened at 2 o'clock p. m., on Friday, June 28.

Sold His Farm.

Adin Lyon of Spring Hill, was in Towanda on Friday, visiting old friends. He has just disposed of his farm in Wyalusing township to his cousin, John W. Lyon of Mehoopany, and will spend the next few months sight-seeing about the country. Mr. Lyon will visit his sister in Richmond, Va., after which he will visit the Jamestown exposition.

Nearly 6,500 Pounds.

On Monday of last week C. J. Ford purchased 38 veal calves of the farmers in this section, that weighed nearly 6,500 pounds. Veal calves at this time are bringing a good price and over $400 was paid by him on this date. With the amount of cash paid by John Williams at the same time the farmers must have received over $700 on Monday.—LeRaysville Times.

Tried Suicide.

While suffering with erysipelas Daniel Royce tried to commit suicide by jumping into the Susquehanna river at Sayre Monday. Henry Johnson sprang into the water and succeeded in bringing him to the shore in safety.

Commissioners Will Exercise Right to Reject Any and All Bids.

TECHNICAL POINT RAISED.

Recent Act of the Legislature Requires the Exact Specifications in all Bids for Bridge Work, and Proposals for James Street are Not Legal.

The commissioners of Bradford county have decided not to award a contract for the construction of the James street bridge in North Towanda on the bids submittted and opened last Thursday. Owing to a technicality which makes the advertising for bids for the work not in exact accordance with the law, the commissioners have decided to exercise their right to reject any and all bids, with the result that no contract will be entered into, not at present at least.

A recent act of the legislature makes it compulsory in bidding and the letting of contracts for county bridges, to specify everything that is bid on. In other words the plans and spefications must be complete and the bid must cover every detail of the bridge to be built. The advertisements asking for bids for the work enumerated three plans, one asking for building a bridge designated as plan "A" in accordance with the plans and specifications on file, complete ready for public travel." one, the bidder to furnish their own plans and specifications, and the third the bidder to use the two 234 foot steel spans stored at Ulster and furnish the rest of the bridge.

Bids on plan "A" are in keeping with the requirements of law and a contract could be let to the lowest bidder. The lowest bid submitted for that style of bridge was $.05,000, but the commissioners are not in favor of expending such a large sum on that kind of a structure, and the other bids being on illegal specifications, all will be rejected and the matter allowed to rest for the time being.

The commissioners can readvertise at any time.

FORMER TOWANDA LADY A MASTER OF LAW.

Miss Martha Mallory Receives Unusual Award in New York.

The New York American of Thursday, June 6, contains an excellent portrait of Miss Martha Adele Mallory, daughter of the late William M. Mallory, of Towanda, who has been signally honored at the New York University. The American says:

"Among the 425 degrees conferred at the 75th annual commencement exercises of New York University, was the unusual award to a woman of Master of Law to Miss Martha Adele Mallory, of Corning, N. Y. Twelve men were recipients of similar parchments. Fifty-three other women were among the graduates, 12 of whom became bachelors of law.

"The academic procession of 1,000 persons, headed by the Seventh Regiment band, passed in review during a heavy shower through the ranks of the faculty into the auditorium, where the organist took up the processional."

CHILD FELL INTO DEEP WELL.

Eighteen Months' Old Baby Has Narrow Escape From Death.

Falling down a well 22 feet deep and containing water to a depth of eight feet, and holding on to a stone for 20 minutes until rescued, was the experience of the 18 months' old son of Mr. and Mrs. Cary Letz, of Laurel Hill, last Friday afternoon.

The accident happened at the home of Mrs. Letz's parents, Mr. and Mrs. Seth Elsbree, on a farm on Laurel Hill. Mrs. Elsbree was alone with her little son for the afternoon. The curb had been removed from the well and not put back into place again. Mrs. Elsbree missed the child and intuitively knew what had happened. She ran to the next farm for help but there was no man or boy there. She then telephoned to the next nearest farmhouse, a quarter of a mile away, and William Cooper responded. Realizing that a life depended upon his efforts Cooper ran the intervening distance in record time. He secured a ladder and reached the child just as the little fellow was about to let go his grasp.

The child was in a semi-conscious condition but prompt action on the part of a physician who had been called, soon brought him around apparently none the worse for his mishap, except a few bruises inflicted by striking stones as he plunged into the well.—Athens News.

The great dollar weekly—The Reporter-Jounal.

"THE DAUGHTER OF JARIUS" WAS BEAUTIFULLY RENDERED.

Under the Direction of Organist Boyle in the Presbyterian Church.

Stainer's beautiful cantata, "The Daughter of Jarius," was given a splendid rendering last evening by the choir of the Presbyterian church under the direction of Organist Boyle. A large audience, thoroughly representative of the best musical taste of Towanda and vicinity was present, and they were enthusiastic in their praise of the rendering. Those taking part were Mrs. R. H. Williams, Miss Ruth Gunton, Mrs. Ruggles, Miss Lowe, Walter Evans, John Lowe and Robert H. Stevens, assisted by Miss Daisy Braund, Mr. La Barr of Wilkes-Barre, Harold Russell, George Stevens, Tracy Shantz, violinist, and eorge H. Boyle, organist.

The program began with the "Gloria" from Mozart's Twelfth Mass, followed by by a trio, "Ave Maria," by Mrs. Wiliams, Mrs. Ruggles and Mr. LaBarr. Then came the beautiful story of the raising from death of the daughter of Jarius by Jesus, told with wonderful effect in ten parts. All the singers were in fine voice, and it is an impossibility for one not a trained musician to criticise. The features that perhaps appealed most to both musicians and others was the exquisite duet by Mrs. Wiliams and Mr. La Barr, "Love Divine! All Love Excelling."

A substantial sum was realized for the Sunday school fund.

OLD PEOPLES' DAY.

Historical Society Will Make It Enjoyable and Interesting.

The committee in charge of Old Peoples' Day of the Historical society for next Saturday, report that the gathering promises to be one of the largest ever held by the society.

First defenders, there will be present at least half a dozen veterans who were the first to enlist from their respective towns at the outbreak of the Rebellion. The noted East Smithfield quartet, all of whom are over 70 years old, will do some singing. Captain Kilmer and his squad of veterans will show how they put down the Rebellion. Isaiah Potter an old time vocalist, 86 years old, will recite, and also sing a song of his own composition, "I Want to go Home to Mamma."

Mrs. Lucretia Dixon will show how they used to spin flax. The school children will welcome the old people with a song. The cane to be presented to the oldest male present, will be one for practical use, and not alone for ornament. Who will win it? The silver cup for the oldest lady present will have her name and the date of the meeting engraved upon it. Who will get it? Alonzo Chapman, a veteran and old time fiddler, will furnish the music and time for Mrs. Mahoney and another young old lady to keep time to with their feet.

The class in the "English Reader" will illustrate the method of teaching reading in olden times. Congressman Kipp will give the old people a ride in his auto, in the forenoon. George Johnson will run it fast or slow, "just as you like it." The guests of honor will be divided into three classes: First—those over 90 years; second—from 80 to 90; third—from 70 to 80 years old. Each class will be presented with a distinguishing badge. How many will there be in the first class?

The meeting is intended to make the old people to feel young again, and give the younger people a chance to see the old folks and learn how they used to do things, and how to keep young. Everybody come and enjoy it.

Funeral of Mrs. Brennan.

The funeral of the late Mrs. Julia Brennan was held at the Church of SS. Peter and Paul Monday morning at 9 o'clock and was very largely attended. Rev. Father Brennan of Scranton, nephew of the deceased conducted mass of the requiem. The pallbearers were John O'Herron, Timothy Duggan, Stephen Sullivan, Martin Lynch, Mike Lynch and Michael McMahon. The remains were taken to the State Road cemetery where interment was made.

Pension Examining Board Officers.

The Pension Examining Board of Towanda, was reorganized at its last meeting, with these officers: Dr. Charles Reed, president; Dr. D. L. Pratt, secretary; Dr. Charles S. Means, treasurer. Meetings will be held as heretofore at the office of Dr. Pratt on the first and third Wednesdays of each month. The reorganization was made necessary by the death of Dr. G. C. Holcomb of Ulster, Dr. Means being the new member of the board.

TEAM RUNAWAY SECOND TIME.

Three People Badly Injured Near Standing Stone

The team of horses belonging to George Bustin of Wysox township, which ran away in Towanda Sunday afternoon, took another wild run Monday morning, resulting in the serious injury of three people and one of the horses. George Bustin was driving the team and in the wagon were Miss Nora Bustin and Joseph Bustin, the later being from Towanda.

They were coming down the hill near the red rocks in Standing Stone township, being on their way to Towanda to attend the funeral of the late Mrs. Julia Brennan. The horses became frightened on the down grade, and ran away, dashing into a stump fence. The occupants of the wagon were thrown out on the stump fence and all more or less injured, Mr. Bustin being hurt the worst. One of the horses impaled on the stump fence and was terribly injured.

Dr. Charles Reed of Wysox, was summoned and gave the injured people attention. Their injuries consisted of bad sprains and bruises, but fortunately no bones were broken.

HELPING NEGLECTED CHILDREN.

Humane Committee of the Improvement Society's Work.

The Humane committee of the Village Improvement society, working in conjunction with the Juvenile court, has been doing a remarkable and praiseworthy work during the past year. No less than 16 neglected and dependent children have been cared for, and two others placed by the Juvenile court under the care of probation officers. There have been placed in the Soldiers' Home at Chester Springs, Pa., seven children from Towanda borough, three of them put there by the Humane committee.

In every instance these unfortunate little folks are well pleased with the care given them and are fast approaching a condition of self-respecting independence. In particular, Cora Parker, the 16 years old girl who was found drunk on the streets and sent to the House of Refuge, is improving remarkably, and expresses herself as being happy and is grateful for the efforts of the ladies of the committee in her behalf.

Great credit is due the ladies for their unselfish work and especial credit belongs to Mrs. Elsie F. Means who has acted as probation officer and taken an active lead in the work.

Millerton will celebrate the evergorious Fourth.

Harry H. Thompson had a serious mix-up with three automobiles near Gillett on Sunday of last week. He had a spirited span of colts attached to his canopy top family wagon and his wife and children with him. They were returning home from church and met the automobiles near a sharp curve coming down grade at a rapid speed. The first auto got badly mixed. The wagon pole was broken off about four feet from the whiffletrees and as the team ran the stub of pole ran into the ground and ended the wagon top side down, square into the automobile, with the family all in it. The team went completely through the machine over contents and occupants and brought up against the high stone wall at the side of the road with Mr. Thompson with a death-like grip on the bits at the heads of either horse. How he got there he never knew. He can not explain, but was thre and fortunate, too, for but a few feet farther on was the third automobile swung cross-wise of the narrow road crowded full of grown people and children. How such a smash-up could occur with no one being seriously or fatally injured is a mystery. Mrs. Thompson was thrown violently out with her baby in her arms but fortunately all occupants escaped serious injury. Both wagon and second automobile were completely wrecked. One horse had a fore leg badly cut by a guard iron on the automobile.

As June is the time when the children and young people claim a day for the purpose of raising money for the education of those who are not able to educate themselves, it was fully celebrated at the Methodist church in this plac last Sunday evening. The program was carried out and all who had a part were fully prepared and reflected great credit on those who had to drill them. The music by Mr. and Mrs. Vannoy was extra fine. The program was entitled the "Rose of Sharon," and was a most beautiful one for there were roses everywhere. The rose drill by the young ladies' class was very good and the motion song by the primary class was a great hit. Special mention should be made of the duet by the Misses Ida Hoose and Elsie Farmer, also the recitation by Miss Florence Estep. In fact we would be glad to mention all who had part for they all deserve much credit for it was a great success from start to finish. To preface it all, in the morning Rev. E. R. Huntley gave an extra good sermon. He took for his text, "For of such is the Kingdom of Heaven," and we wish all could have heard it as it was an inspiration to all to try and lead a righteous life. The collection amounted to over five dollars.

Badly Mixed Up.

Abraham Brown of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed to cure blood poison, weakness and all stomach, liver and kidney complaints, by Turner's drug store. 50c.

Happenings All Over the State In Condensed Form.

LESS TOBACCO WILL BE RAISED

Forty Per Cent. of the Children of the Johnstown City Schools Found to Be Suffering With Diseases of the Eyes, Ears and Throat.

Although the profits from tobacco raising in Lancaster county were very great last year so that an increased acreage was contemplated this year, it has developed that the acreage will be less, owing to the scarcity of labor and of plants, the latter caused by the cold weather.

The constables of the four wards of Clearfield have been ordered by the court to secure from the bar tenders of the several hotels of the town a complete list of the drunkards in town and vicinity to whom they do not sell intoxicants; said list to be signed by the bartender of each hotel.

Edwin Rose, aged 14 years, of Allentown, while fishing with a hook and line at Indian Creek dam, had a sharp jerk at his line, and when he went to draw it out the jerks were so vigorous that, the ground being slippery, he was drawn into the water and drowned. A five-pound carp had been at his hook.

Of 728 children in the Johnstown city schools who have been examined by Dr. George M. Hay, health officer of that city, 40 per cent. are reported to be suffering from diseases of the eyes, ears, nose or throat. This report is made preparatory to the board of health asking the Flood city councils for an appropriation for a salary for a medical examiner of the schools.

The women of Jeddo, a mining town in Luzerne county, have met the advance of two cents a pound made on the price of meat by refusing to buy a single pound.

Snyder county has not a single county official to elect this year, an almost unheard event in this state. Such a thing has not happened before in that county in 40 years.

Miss Amanda Stuffiet, who weighs 250 pounds, got damages at Norristown, at the rate of 50 cents a pound, in a breach of promise suit which she brought against Daniel Kinsell.

Ignatz Klonet was awarded by a jury in the Luzerne county court damages to the amount of $1,028.75 against Detective Pifer for false imprisonment. It was a case of mistaken identity on the part of Pifer.

A couple of sanguine York county inventors claim to have discovered a substitute for coke as fuel. It is made from coal refuse and is likely to have as brief and inglorious a career as some other equally wonderful inventions have experienced.

A fierce bull at Stroudsburg Wednesday, incensed by the glaring red of an automobile that was carrying a party of city people along the road, made a furious dash at the machine. In the race which ensued the bull was left far behind.

Orwisburg was the first county seat of Schuylkill, from 1811 to 1852, when the seat of justice was removed to Pottsville. A former citizen of Schuylkill county, now a resident of Reading, Berks county, still has in his possession the iron lock that was used on the jail at Orwigsburg. It is hand-made, measuring 8¼ inches, 2½ inches thick and weighs 8¼ pounds.

Judge Walling of Erie county, on Tuesday handed down an opinion in which the franchise of the Edinboro trolley line was declared forfeited in Erie. The company's charter required cars to be run over certain streets, and, the company failing in this, the court was appealed to with the result as stated. This decision only affects the line within the city of Erie. The franchise for the cross-country section of the road, which runs from Erie through Edinboro to Cambridge Springs, remains intact, and it is probable that Erie councils will provide another franchise within that city.

Tuesday a lad from the country hooked a trout in Caldwell creek 22 inches long and weighing 2½ pounds. The fishing paraphernalia used were a willow rod, a hemp string with a piece of salt pork for bait. This fish has attracted considerable notice of Titusville anglers and nearly every one in the city, from a ten years old boy to the oldest piscatorial expert, has had a try at it.

Burglars broke into the office of The Sharpsburg Herald on Wednesday night and robbed the safe. They only got $7 and 200 tobacco coupons, which the foreman was colecting for a prize. The ignorance the robbers displayed in suposing they would find money in a country newspaper office proved they were amateurs who will doubtless be punished for their folly.

John Mauger, a Liberty township, Montuor county farmer, accidentally stepped upon a circular saw and his foot was cut entirely through, necessitating the amputation of the entire foot, with the exception of the heel.

The population of Harrisburg and immediate vicinity, not including Steelton, based on a new directory is estimated at 86,854, a gain of 3,062 over last year's estimate.

Scranton is in the throes of a local campaign on the subject of voting for a million-dollar loan for paving purposes.

The Northampton National Building and Loan association, of South Bethlehem, capital $1,000,000, has been forced to go into liquidation.

For the year ending June 1, there were 550 marriage licenses issued in Butler county, against 764 during the year ending June 1, 1906.

WHIRLWIND FINISH.

Bazzette's Homer in the Ninth Won Game for Towanda.

In a game, ending in a good finish in the ninth, the Towanda High School base ball team defeated Laceyville, on Wednesday, by a score of 5-4. Watson was in the box for Towanda during the first four innings, but on account of the lameness of his arm, he was replaced by Bazette in the fifth, who held the visitors in good shape. Laceyville started the scoring in the fifth. They tallied two runs on a first base on an error, a base on balls, and a single. Again in the same inning, they scored two more runs on an out, and a poor throw to the plate.

Towanda was unable to hit Christian, when hits meant runs until the eighth. Then a single, a first base on an error and a clean single, netted two runs. The score stood 4 to 2 in favor of Laceyville until the last of the ninth, when with two men on bases, Bazzette lost the ball in the grass in left field, and completed the circuit for a home run, sending three runs across the plate, and winning the game.

Score by innings:—

	R	H	E
Towanda .. 0 0 0 0 0 0 0 2 3	5	8	4
Laceyville ..0 0 0 0 4 0 0 0 0	4	3	2

Summary. — Two-base hits—Armbuster. Home run—Bazzette. Base on balls—Off Watson, 2; off Bazzette, 1; off Christian, 3. Struck out—By Watson, 3; by Bazette, 5; by Christian, 5. Hit by pitcher—J. E. Platt. Left on bases—Towanda, 7; Laceyville, 6. Batteries—Watson, Bazzette and Russell for Towanda; Christian and Dunovan for Laceyville. Umpire, Means.

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless boon to prepare the system for baby's coming and rendering the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable, pelvic catarrhal drain, prolapsus, anteversion or retro-version or other displacements of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native, medicinal roots without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle-wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his *free* booklet treating of same.

You can't afford to accept as a substitute for this remedy *of known composition* a secret nostrum *of unknown composition*. Don't do it.

WORK OF THE GRIM REAPER.

CANTON MINISTER DEAD.

Rev. D. M. Van Tuyl Passes Away After Brief Illness.

Rev. D. M. Van Tuyl, the beloved pastor of the Canton Methodist Episcopal church, died at about 8 o'clock Sunday morning, June 9, of paralysis, after an illness of about one week. Week before last he attended the district Epworth League convention at Montour Falls, and upon his return suffered from a severe cold. On the following Sunday he complained of severe pains in his side and was unable to preach. Monday he was apparently better, but on Tuesday morning while seated at the breakfast table he suffered a slight shock affecting his left side. He did not lose consciousness, however, and after a few hours recovered the use of his limbs, and to all inquiries as to his condition he gave bright, cheery responses. Improvement continued until about 4 o'clock Saturday afternoon, when he had another shock, more severe than the first; but he retained consciousness until an early hour Sunday morning, when he slowly sank into the sleep from which the awaking is eternal life.

No man who ever lived in Canton was more generally loved than Mr. Van Tuyl, and the secret of his popularity in this regard was the fact that he loved everybody. No child was passed unnoticed on the streets, and his hand-shakes and cheerful greetings gave impressions of his personal interest in their welfare.

He was assigned to the Canton charge nearly four years ago, and during his second year he undertook what appeared to be a herculean task, that of raising money for the rebuilding of the parsonage. In spite of all discouragements he succeeded in his efforts, and the $2,000 required was all collected by the time the work was finished.

Characteristic of the man was the remark he made when announcing his plan to his congregation. He said the expense should not be burdensome and that no one should pay more than the pastor, and his personal contribution was as large as that of any one, and Mrs. Van Tuyl gave nearly an equal sum in addition. He was a very liberal contributor to all the benevolences of the church, and was a striking example of what constitutes stewardship.

Mr. Van Tuyl was in his 59th year, and had been in the ministry of the Methodist Episcopal church for about 23 years, filling appointment at Breesport, Logan, Wellsburg, Potter, Fair Haven, Port Byron, and Rushville, N. Y., prior to assuming the duties of the Canton charge.

He is survived by his devoted wife, who has ably seconded all his efforts in church work, and one daughter, Mrs. Mattie Stafford, of Rochester.

Funeral services were held at the Methodist Episcopal church Wednesday afternoon and were in charge of Rev. Haigh, of Elmira. Presiding Elder Webb and a number of other pastors of Elmira district participated in the services. The remains were taken to his former home at Penn Yan, on Niagara express, and funeral services held in that place.—Canton Sentinel.

Joseph Piolett.

Joseph Piollet, son of Mr. and Mrs. Heister Piollet of Sayre, died at the Packer hospital in Sayre Monday morning at 2:45 following the fourth operation which he had been compelled to undergo during the past few months.

The young man's illness which was of a very peculiar nature dates back to last September, although he was ill with appendicitus ten years ago, recovering without an operation. On Sept. 9 of last year while he was packing his trunk preparatory to leaving for Williams college where he was to enroll as a student, he was taken ill with appendicitis. He submitted to an operation and a few days later typhiod fever developed. His recovery was slow and when finally he was able to leave the hospital it was only for a short time, as he was compelled to return when it was found a fistula had developed and another operation was necessary. A second fistula developed and a third operation was performed. From that time his condition became gradually worse until Saturday night when the hospital physicians and surgeons gave up hopes. Dr. Snow, an eminent New York physician, and an uncle of the patient went to Sayre, and in the hopes of saving the young man's life a fourth operation was performed Sunday night at ten o'clock. His abdomen had previously been greatly distended and as soon as the physicians saw the interior they realized that death was imminent. He was quickly returned to his cot and there surrounded by the hospital physicians and relatives he died without for one minute losing consciousness and without realizing that his earthly career was so near to a close.

An autopsy Monday morning showed that the young man had been suffering with a disease for which there was no help and that his case was necessarly hopeless from the first.

Joseph Piollet was born in Sayre on Dec. 13, 1885, the only child of Mr. and Mrs. Heister Piollet. He graduated from the Sayre High school in the class of '05, after which he took a preparatory course in the Chestnut Hill academy at Philadelphia. He was prominent in athletic circles at school, and socially both in Towanda and Sayre was a general favorite among the young society people. No one knew him but to admire his fine manly qualities, and his death will be sincerely mourned. His future seemed bright and the blotting out of his life just as he was entering into young manhood is sad indeed. He was a prominent worker amoung the young people in the church of the Redeemer in Sayre, and will be greatly missed. Deceased was a nephew of John Piollet and Hon. Louis Piollet of Wysox.

Dr. Luke P. Streeter.

A few minutes after partaking of a hearty supper at the home of Mrs. Betsy Decatur at the corner of William street and Mix avenue in Towanda Saturday evening, Dr. Luke P. Streeter of Waverly, fell to the floor and before assistance could be summoned, life had become extinct. He came to Towanda on Saturday during the afternoon, and in the evening partook of supper at the home of Mrs. Decatur, a life long friend. Arising from the table he started for the parlor, and just as he reached the middle of the room, the family were startled to see him sink to the floor. Dr. S. M. Woodburn was hastily summoned, but before he reached the house, the man was dead. Heart failure was the cause of death.

Dr. Streeter was born in Canton, this county, 64 years ago. He was for many years a practicing physician, retiring only six months ago on account of failing health. He had been a resident of Waverly for a number of years. He was a veteran of the civil war, having served three years. Deceased is survived by two daughters, Mrs. George Bonham and Mrs. Harry Rolf of Waverly, one son, Sylvester Streeter, also of Waverly. Mrs. Seth Williams of Shunk, is a sister, Charles Streeter of Canton, and George Streeter of Pittsburg, are brothers of the deceased.

The remains were taken to Sayre Monday morning, and from there to Smithboro, where the funeral will be held and interment made.

Mrs. Julia Brennan.

Mrs. Julia Brennan, widow of the late Dr. P. R. Brennan of Wysox, passed away Saturday evening at 10:40, at her home in Wysox, after a long illness, with a complication of diseases. Deceased was born in Little Meadows, Susquehanna county, 47 years ago, her maiden name being Julia Dacey. The family moved from Susquehanna county to Wysox about eight years ago, the husband and father, Dr. Brennan, passing into the great beyond about five years ago.

Mrs. Brennan was a lady with many beautiful traits of character, a devout Christian and one whose friendship was cherished by many. She is survived by the following children: Chas. Brennan of Susquehanna William Brennan of Auburn, and Miss Mary Brennan, at home. Joseph Brennan of Towanda is a step-son. Mrs. Thos. Higgins of Rochester, N. Y., and Mrs. James Hickey of Warrenham, Susquehanna county, are sisters of the deceased.

The funeral was held Monday morning at the family home in Wysox at 8 o'clock and at the Church of SS. Peter and Paul, at 9 o'clock. Rev. Father Brennan of Scranton, a nephew of the deceased, celebrated the mass of the requiem. Interment was made in the State Road cemetery.

Mrs. Olive B. Campbell.

Mrs. Olive Bloom Campbell passed away in death Monday morning at 9:40 o'clock at the home of her daughter, Mrs. Herman W. Strope, at Highland, aged 75 years. About two years ago deceased suffered a stroke of paralysis, since which time her health has been gradually failing. She was a lady well and favorably known in Burlington township with a host of friends who esteemed her friendship. She is survived by the following children: S. B. Campbell of Davis Junction, Illinois, J. A. Campbell of Towanda, Mrs. W. H. Strope of Highland, Mrs. Harry Melville of Burlington. The following sisters also survive: Mrs. Bushey Conklin of California, Mrs. Melvin Douglass, Mrs. S. L. Nichols, Mrs. Jefferson Vannoy and Miss Lucinda Bloom of Burlington. The funeral will be held Thursday afternoon at the house at 1 o'clock and at Mountain Lake at 2 o'clock; interment will be made in Mountain Lake cemetery.

John McCarthy.

John McCarthy died at his home on South Mountain, Sunday morning, June 9. The funeral took place at the family residence, Tuesday morning at 8:30. The remains were conveyed to St. Michaels church, Canton, where a high mass was celebrated by Rev. Father Shields. The deceased was born in County Clare, Ireland, March 6, 1847. At the age of 17 the family sailed for America and settled in Fall Brook, Pa. Then in a few years they moved to South Mountain, where they have since lived. On June 30, 1881, he married Mary Ryan of Canton, who with five children, survive him, also two brothers, Martin, of Lindsey, Pa., and Michael of Elmira. Only seven months ago his father, Simon, who has always lived with him, preceeded him in death.—Canton World.

Peter Bedell.

Peter Bedell aged 28 of Sayre, died Monday morning at the home of Mrs. Mabel Horton of Waverly. Heart disease with which he had been troubled a long time was the cause of death. The young man had been addicted to the cigarrette habit, smoking large quantities of them. Recently he quit smoking, and after being taken ill became pulseless, yet seemed strong. As a last resort the attending physician direceted the resume of the cigarrettes in the hopes that it would stimulate him but death came a couple of hours later. It is one of the most peculiar cases to come to the notice of the medical profession in that section.

Asa Parshall.

Asa Parshall died June 13, at his home, two miles West of Chemung, aged 82 years. Mr. Parshall was born on the farm where he had always lived and where he died, April 20, 1825. He was the son of Asa Parshall and the grandson of Israel Parshall, a Revolutionary soldier, who was one of the earliest settlers of the town of Chemung, having received a deed for land signed by Governor Clinton, in 1791. On the maternal side he was grandson of another early settler, Thomas Keeney, also a Revolutionary soldier. Mr. Parshall was one of a family of 17 children, 15 of whom lived to make home for themselves. Of these only two remain, Mrs. Louisa Van Gorder and Mrs. G. B. Snell of Chemung. Mr. Parshall married July 1, 1858, Miss Salina Phelps, whose death occurred May 15, 1897; five children were born to them, two alone remain—Asa Irving Parshall, and Mrs. Susie Parshall Comfort, both of Chemung. The funeral was largely attended at the home on Saturday, services being conducted by Rev. T. W. Carter, assisted by Rev. S. Early, Rev. Woolcut and Rev. Stackhouse. The flowers were very beautiful.

Joseph Swain.

Monday, June 10, Joseph Swain of Ulster, passed away at his home in that village, after a brief illness of heart failure. The deceased had been in poor health for a long time, death coming as a relief to the sufferer. Besides a faithful wife, he leaves to mourn his loss four children, Burley and Sidney of Sheshequin, Mrs. Geo Seleck of Mountain Lake, Mrs. Willard Smith of Sayles, and a host of friends. Funeral services were conducted at the home, and later at the Old Church at Burlington, with interment in the Old Church cemetery, on Wednesday.

Mrs. David Newell.

Mrs. Sally Newell, wife of David Newell, died suddenly on Tuesday morning at her home in Hornbrook from neuralgia of the heart. She was about 80 years of age and highly esteemed by a large circle of friends and acquaintances. Besides her husband she is survived by the following sons and daughters: Mrs. Fred Foster of North Towanda, Stephen Newell of Waverly, John Newell at home, and Mrs. Mattie Arnold of Rome township. The funeral will be held Thursday at the Hornbrook church at 2 o'clock, p. m.

Samuel T. Wiggins.

Samuel T. Wiggins died at his home at Mountain Lake, on Sunday morning at 7:30 o'clock, after a long and painful illness of over two years' duration, with heart trouble. Besides a wife and three children, he leaves to mourn his loss a host of friends who will miss a kind friend and neighbor. Funeral services will be held at the church at 12 o'clock on Tuesday, with interment in the Mountain Lake cemetery.

Mrs. Charles Rutty.

Mrs. Charles Rutty died at her home on York Ave. Tuesday evening at 7:30 o'clock, after an illness of several weeks following a stroke of paralysis. She was about 65 years of age and beside her husband is survived by these children—Charles Rutty of Eveleth, Minn., Mrs. Charles Shepard, Robert and Augusta Rutty of Towanda.

James Fivi.

James Fivi, one of the most prominent and highly respected citizens of East Smithfield, expired suddenly on Wednesday morning, at his home in that village, from heart failure. He had gone to the loft to get some seed corn for a neighbor, when he was stricken. He was about 70 years of age.

TO JERSEY LEGISLATURE.

Governor Stokes Sends Special Message to Adjourned Session of 1907.

Trenton, N. J., June 18.—Governor Stokes sent in a special message to the adjourned session of the legislature of 1907, returning fifty-one bills for further consideration. Of the 257 bills left on the governor's desk when the legislature temporarily adjourned 206, he announced, had become laws, either by signature or filing. The governor says:

"The closing hours of your session were marked by incidents that make it doubtful whether certain measures had full and deliberate consideration. Night sessions, with attendant physical and nervous exhaustion, are not conducive to judicial action or careful legislation. Under these circumstances I call your attention to some of the important measures that failed to receive your approval."

The governor recommends the passage of bills reforming the grand jury system, regulating the civil service, providing for selection of United States senators in primaries and changing the method of state disbursements. Governor Stokes further declares that "the lobbyist still flourishes" and recommends that something more be done to curb him.

Too Enthusiastic Over Religion.

Des Moines, Ia., June 18.—Mrs. Scott M. Ladd, wife of Justice Ladd of the Iowa supreme court, was arrested here for disturbing the peace at the peculiar religious services over which she presides. At the religious services which Mrs. Ladd has been conducting the devotees writhe on the floor like epileptics, leap into the air, chatter, scream, gnash their teeth or beat themselves over the head. Staid religious circles of Des Moines have been profoundly shocked by the revelations concerning this peculiar religion.

Sun Yat Sen In the Field.

Victoria, B. C., June 18.—Further advices regarding the rebellion in south China received by the steamer Monteagle state that Sun Yat Sen, who for years has been organizing an anti-dynastic movement in China, left Tokyo a few weeks before the outbreak and is reported leading the revolutionists near Swatow, having taken the field May 22 and opened operations by attacking the walled city of Kwang Kong, which was easily captured. All officials were killed. Kaoping and Lin Ching suffered similar fates.

Another Midshipman's Body Found.

Norfolk, Va., June 18.—The body of Midshipman Walter Carl Ulrich of Milwaukee, one of those who went down on the ill fated launch of the battleship Minnesota in Hampton Roads, has been found. This makes five bodies recovered thus far, those in addition to Ulrich being Midshipmen Field, Stevenson and Holcomb and Fireman Westphal.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," wries Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, throat and lung troubles, by Turner's drug store. 50c and $1. Trial bottles free.

JAIL YAWNS FOR MANY OF THE STATE'S GRAFTERS.

Dragnet Will Catch Men Supposed to Be Immune From Blame.

When the report of the auditors who have been engaged in the work of digging out facts showing that the state was shamefully looted in the building of the new capitol is made public the people of the state will be astonished over what has been found, but which has not been kept concealed at the request of the attorney general, who fears that it would be injudicious for the state to show its hand at this time.

Gigantic in its scope, the report goes back to the days of 1895, when the old capitol was still standing. Step by step the stealth of looters is traced down to the time of the last payment for capitol "trimmings." The glaring deficiencies in the state's antiquated method of bookkeeping are pointed out and the intricacies of the scheme by which profligate expenditures could be made, as though in accord with the law, have been so thoroughly investigated that escape seems impossible for the grafters, while the officials, paid by the state to safeguard its interest, have no defence which will stand the close scrunity of the courts.

Exhaustive in every detail, the report of more than 100,000 words is now in the hands of Attorney James Scarlet, the chief inquisitor of the probers, who will also be the state's special assistant to Attorney General M. Hampton Todd when the grafters have to answer at the bar of justice.

The fullest publicity is being courted by the investigators, but so astounding are some of the disclosures that they will be withheld until the men most intimately concerned shall have taken the witness stand and given an opportunity to offer an immediate explanation without first being coached by lawyers versed in the devious ways of cross-examinations. No inkling of what the nature of these finds are will be given either by the probers or their counsel, but no secret is made of the fact that men now supposed to be immune from action, both civil and criminal, will be caught in the dragnet of the inquiry.

The Cow Loved the Old Farm.

Some time ago a farmer in the Northeastern part of the state sold a heifer which with some other stock was taken by rail via Meadville and Dunkirk to Salamanca, 150 miles away. Then the heifer got loose and could not be captured and was advertised as having strayed. A fortnight later the farmer heard such a persistent bellowing in his front yard one night that he went to investigate and found his heifer there, way-worn and thin with her long journey, but very evidently glad to be back again to her old home. He opened the barn door and she went directly to her old place and lay down contentedly. She had to cross the Allegany river once or twice to get back home, and all the road was new to her, a fact which makes all the more amazing the mystery of animal intelligence. The farmer returned the money paid for her and determined that a cow which loved the old farm so well should stay there to the end of her days.

A Georgia woman swore she wouldn't marry a man on the face of the earth, then deliberately and unfeelingly enticed a poor inoffensive fellow into the cupola of a hotel and there hung onto him until a minister sewed them together, matrimonially meaning. But then she kept her word and that is some consolation.

Stockholders' Inspector Reports

On Splendid progress of International Lumber anp Development Co.

Once a year the stockholders of this company elect one of their number to visit their property and make a thorough inspeciton. Dr. Evert van Slyke, of New York, the representative chosen this year, has just returned, enthusiastic over the development and wonderful resources of the plantation. Dr. van Slyke's opinion may be judged by the conclusion of his report to the stockholders, in which he says:

I am not only ready to confirm all that the first Inspector has said, but also to declare that the literature of the Company not only has not overdrawn the picture but could not if it desired put the whole truth before the public. The proposition is too great. Their assured dividends are beyond peradventure. Mahogany, cedar and the many other varieties of hard woods now growing on the Company's property would alone pay these dividends for years to come, leaving the logwood, wild rubber trees, chicle (chewing gum) and fruit assets out of the reckoning. With the great plantings of henequen to come up in a few years there will be an increase of dividends that will be a surprise.

New York, June 3d, 1907. EVERT VAN SLYKE.

Dr. van Slyke's complete report is a large booklet handsomely illustrated with photographs taken by members of his party. Sent free to any address—write at once.

Dr. van Slyke's statements are supported by the verdict of several other large stockholders who returned on May 25th of this year from a visit to the plantation, made at their own expense. Let us send you the statements of these men, whose personal observation leaves them not only satisfied but delighted with the prospects of their investment.

ON OR BEFORE June 30, 1907, the price of this stock will be avanced to $350 per share. Only a limited number of shares remain to be sold at par—$350. At the present rate of sale, these may be disposed of at any time before June 30th, in which case the advance will go into effect immediately.

WHAT THE COMPANY OWNS.

1—288,000 acres of fertile tropical land in Campeche, Mexico.
2—Large forests of mahogany, cedar, logwood and other valuable cabinet and dye woods covering ¾ of this estate.
3—$100,000 worth of lumber and logs in company's yards at Mobile and Chicago.
4—60,000 full-grown wild rubber trees, most of them never tapped.
5—250,000 chicle or zapote trees (these yield chile—the basis of chewing gum.)
6—Over 2,000 head of cattle.
7—More than 3,500,000 henequen plants growing.
8—200,000 banana plants growing.
9—7,000 orange trees growing.
10—2 steamships.
11—5 settlements.
12—Over 200 buildings.
13—5 company's stores.
14—Saw mill on plantation.
15—Saw mill in Mobile, Ala.
16—30 miles railroad; rolling stock.
17—Extensive telephone line.

All of this property is clear of debt, and held by a Philadelphia trust company for the protection of stockholders. There are over 5000 stockholders, with one to 310 shares each. There are but 20,000 shares of stock, hence each share represents fourteen and two-fifths acres of land and is the first and only claim upon it, thus making a share equivalent to a first morgage bond.

All share holders have equal voting power, regardless of the number of shares held. Small payments—$5 per month per share. In case of death, all payments returned, if desired; not deducting dividends received.

THE TIME IS SHORT—SUBSCRIBE AT ONCE.

The newspapers are heaping coals of fire on the head of former Governor Pennypacker.

"What future has the P., B. and E.," is a question which is bothering the newspapers now days.

No man who works on an eight hour schedule should expect 16 hours in the kitchen from his wife. No true man will.

If the boy will simply fit himself for the very best positions and the most responsible, they will surely come his way if he lives up to his opportunities.

A Kentucky woman has married her deceased daughter's husband. Great hordes of horridness; we rise to object right here. This is carrying the mother-in-law joke too far.

There is never any excuse for ungentlemanly or brutal conduct. It injures the man who resorts to it and frequently makes him dangerous, persistent and powerful enemies.

The style of newspaper the average fellow wants, or claims to, is not the kind he would be willing to put before the public if he were responsible for the results, financially and physically.

The bill to regulate horse shoeing, and establish a State Board of Examiners, has been vetoed by the governor. Hence the rural blacksmith will not be haled before a board of experts for an examination respecting his professional qualifications.

The Metropolitan Life Insurance company, of New York city, will hereafter issue no more policies to negroes, on purely business principles, it having been found that the death rate among the colored race is far in excess than among the whites.

The Franklin Fire company don't propose to go to the Galeton convention without being properly drilled in the art of marching. To prove that they are determined to be well fitted in that line, last night they drilled beneath the only street light in town, erected and maintained at their own expense. The Franklin spirit is commendable.

Monday night will mark the expiration of time in which the electric light committee of the town council was to report at an adjourned meeting of the village solons, according to the resolution passed at the last regular meeting. Towanda people, those with the welfare of the town at heart, anxiously await the report of the committee which is due Monday night. Here is hoping that the committee has something good to offer on the street lighting question.

Some business men are successful because they work persistently and wisely toward the monthly enlargement of their operations. They take advantage of various methods of attracting the attention of the public. One of the most efficient is liberal and eye-compelling advertising in the columns of a newspaper which has a large circulation among the best people. It has won great results for persistent business men who have used it wisely and will do so again.

It is a pretty good idea to give credit when you print an item clipped from an exchange. Some editors growl like fury when they run up against an item born in their own clever brains and ruthlessly stolen by some other editor. But about the most disgusting thing one can come across is a spicy item originally printed in his paper, stolen by another, copied from that and given credit to the thief. We got that sort of credit once and blushed with shame for thirty days.—New Albany Mirror.

NO PITY FOR WEAKLINGS.

The man who has no toleration for the human weaklings turns up pretty regularly. This time he hails from Boston and is described as "Dr. Andrew Christian, a successful Back Bay physician, big, athletic and 30 years old," says the Altoona Tribune. There is nothing new or novel in his suggestion. He is quoted as saying: "If mothers would be willing to have their children quietly put to sleep forever when they are very young and shows sign of deformity or degeneracy they would be the better." And he thinks the very kindest thing that could be done with a life that promises to be of no use to itself or anyone else would be to end it.

But where does the infalilble authority exist that shall be permitted to determine when a life is likely to be useless to itself or the world? Of course mental deficiency shows itself at a comparatively early age, but how about physical weakness? How does Dr. Christian or anybody else presume to decide the issues of life or death where a frail and feeble child is concerned? Might he not make a blunder that would deprive the world of the services of a real genius? It is true that the rule, is, "a sound mind in a sound body," but the exceptions have been so numerous as to give pause to any movement for the annulation of infants who chance to be small or imperfectly developed.

Alexander Pope was a feeble and deformed child and grew up into a feeble and deformed man. And yet the world gained considerable by his life and labors. If he had died in infancy a considerable body of fair literature would have been irreparably lost. It is said that Horace Greeley that he was so diminutive at birth that it was possible to put him in an old-fashioned coffee pot of medium size and for weeks it was thought he could not possibly survive. American history and American politics would surely have been the poorer if some advocate of the survival of the strong alone had rid the world of him. He made quite an impression on the national life, and although he was eccentric and inconsistent, yet he was of considerable service. Another puny baby who grew up a chronic invalid was Alexander H. Stephens, a distinguished American statesman and vice-president of the unfortunate Southern Confederacy. He was chiefly pure spirit and a living supremacy of the brain, even under the most discouraging physical circumstances.

On the whole, we suspect the world will never attain that degree of civilization in which it will contemplate with satisfaction the slaughter of the innocents simply because they happen to be born into the world with feeble bodies. It is true that it would be a fine thing if good health were to become a universal possession, but the existence of the ability to bless the world is so general among the feeble-bodied folk and the loss would be so considerable if they were to be cut off in their childhood that such a doubtful "reform" is not likely to be adopted.

TAG THE DOG.

The dog law recently passed by the legislature, is misunderstood by many, and for that reason The Review calls attention to the provisions of the act.

The new law provides that all dogs that do not wear brass or copper tags shall be gathered in by the authorities and killed if not redeemed in a certain time. The tags are to be furnished by the county commissioners and are to be given by the tax collectors when the dog tax is paid. Previous to this law, owners of dogs were required to pay taxes but in very many cases the law was ignored. In most instances the assessors failed to return the ownership of dogs on their assessment lists, and in other instances where such returns were made the owners succeeded in getting the entries erased from the books.

Under the new regulations every dog found running at large that does not bear the tagged collar may be taken to the pound. It imposes a condition upon the owners of dogs from which they cannot escape. If they have paid the taxes the tag will show it. If they have lied about the ownership of such animals or have escaped assessment, the absence of tag will show it. This new law will be welcomed by a large portion of the community, who, while they place a proper value on dogs of high breed, are constantly annoyed and placed in danger of their lives by the horde of mongrel curs that roam the streets of our cities and towns. Now that the legislature has taken action toward providing means for ridding us of the dog nuisance, it is to be hoped that the county authorities will do their part by enforcing it strictly.

With the death of Mrs. McKinley recently there died a special postal law enacted by congress in 1902, namely, that all mail matter from Mrs. McKinley bearing her autograph signature should be carried free by the postoffice department from the date of enactment of the law until her death. The privilege extended to Mrs. McKinley by congress has been granted to few women in the history of this country. Mrs. Garfield, widow of President Garfield, who was likewise struck down by an assassin's bullet, was given the free use of the mails by congress in 1881. The only others to receive the honor were Mrs. Polk, widow of President Polk, and Mrs. Grant, widow of President Grant.

Fifty years from now when the youths of today are telling their children about this cold weather back in June, '07, more than one bright faced boy will be telling his chums what a liar his dad is.

A COLEGE EDUCATION.

The Welsboro Republican-Advocate, in commenting on the value of a college education for the young man or woman, voices a powerful fact when it says:

"Young men and women everywhere are today debating with themselves the question of the value and importance of a college education. To the great majority whose parents are not wealthy the problem is most perplexing. It is a matter of some interest to speculate on the countless numbers of fathers and mothers who, year after year are toiling early and late, denying themselves food and clothing and every little luxury of life that some son or daughter may have the benefit of four years in college. No monuments are erected to these brave unselfish souls, no poet frames in deathless music the story of their heroic lives. Their only reward is the joy of giving, their only happiness a loved one's success. But when that Book of Books which shall be called 'Heroes of Every Day Life' is written, no fame shall shine brighter than theirs.

"After all, what is it for? Does a college education 'educate?' The word educate comes from the Latin 'duco,' to lead or draw, and 'ex' meaning out, or out of. Educate means then, to lead or draw out. From this we have the perfectly plain conclusion that a college education does educate if there is anything in the student to be educated; that a student will get out of a college education exactly what he takes to it, and no more. From nothing, nothing will be 'drawn out.' It depends on the student.

"For each of us there is just so much in life, and if we are worth while at all, we will get out of life all there is in it for us, whether we have had a 'classical education' or not. Beyond a doubt college smooths the way considerably, but the mind that really seeks and deserves the light will find it, college or no college. The time is coming when this intellectual snobbery of 'higher education' will be a thing of the past.

"If it is just as easy for you to go to college as not, by all means go. In this day and age any young man can go to college if he wants to and work his way through. It won't be easy but it can be done. But if it is impossible and inadvisable for you to go, stay away and don't break your heart over it. Whether you go or whether you don't, it's 'up to you,' in college and in business.

"Benjamin Franklin founded the University of Pennsylvania a good long time ago. He never had a college education, but in all the years of its existence the University of Pennsylvania has not turned out a man the equal of Benjamin Franklin, in any respect. Printer, author, diplomat, scientist, statesman, scholar and gentleman, he never saw the inside of a college as a student. Where did Abraham Lincoln, lawyer and statesman, and the greatest master of pure classic English that ever lived, get his knowledge? We do not know exactly, but it was not in a college. Read his state papers and Gettysburg address and compare them with the similar works of other minds before and since, and then realize this fact: man can build colleges and schools, but no man can build a stone wall around truth and knowledge. They exeist independently of institutions and are the common property of all who have the mind to grasp them.

"Go to college if you can, and take to it all there is in you. Only be sure there is that in you worth developing and bringing out, and do not absorb the erroneous notion that four years study in an institution of learning will implant anything in your mental moral or intelectual make-up that was not there in the beginning."

MONEY IN TRUCK FARMS.

The abandoned farms of New England, New Jersey, New York and Pennsylvania, according to Col. Levi Wells, one of the dairy inspectors of the department of agriculture, are rapidly being taken up by wealthy manufactorers and business men. who utilize them for Summer homes. There is a great increase in the Eastern states in the number of dairies and truck farms to be found near the great cities. As a matter of fact, the farmers who bent their energies in this direction are making independent fortunes, for the great farms of he West have practically driven the Eastern farms to the wall in the raising of grain crops and cattle.

Through rotation of crops and a growing knowledge of the science of agriculture, the Eastern farmers are reclaiming many farms that have been abandoned and which have been considered absolutely exhausted. In the opinion of Col. Wells, the outlook, agriculturally, for the Eastern states is brighter than it has been for half a century.—Scranton Tribune.

Some people think it strange because every man and woman are not saints, when really it is not strange at all. How many of the self styled saints ever stopped to think while criticising fellow mortals that the first man, according to history, to dwell upon this great and glorious earth was a liar and a sneak. The first woman didn't ever wear a peek-a-bo, or as Ed. Mouiliesseaux would have it, a decoliette gown, and what's more kept bad company and pried into things which was none of her business. The first child born was a murderer and slew his brother just for fun. This broke up the game with two men on bases and proves that our ancestors were a tough bunch which makes it rather hard to get the badness out of the bone and the blood. Even vaccination won't do it, and from the looks of things we will have to start all over again with a more modern and sanitary garden scene.

A TASK WELL DONE.

Governor Stuart is receiving, as he deserves, unstinted praise for the heroic manner in which he has performed the task of cutting down the appropriations from the $72,000,000 authorized by the legislature, to $52,000,000 available for this purpose. He has been obliged to cut heavily in some directions, but in the main it has been done with admirable judgment. The regular state appropriations for charitable institutions and for education were untouched, while from state and semi-state institutions very little was taken. The appropriation for good roads was reduced, but a good sum remains for this most desirable improvement. Pensions were cut out entirely because the legislature, after passing the bill failed to provide money enough to cover the disbursements it authorized and directed.

There has been some criticism of Governor Stuart because of his vetoes of certain bills and the scaling down of some of the appropriations, but those who feel agrieved should blame those who failed to provide the revenue to meet their requirements. A cowardly legislature voted away the money prodigally for every purpose nearly, including increased salaries to its members, and then killed all the measures for increasing the state's revenues, throwing upon the governor the responsibility of making the expenditures fit the revenues. But the governor met his duty manfully. Not only did he have the courage to veto a number of meritorious measures because of the lack of necessary revenue, but he also vetoed their own salary grab. And it served them right, will be the verdict of the people.

In vetoing the bill authorizing the omission of the requirement of vaccination for admission to schools when smallpox is not known to exist in the district, Governor Stuart dealt a merciful coup degrace to a legislative monstrosity. This enactment tried to reconcile the irrenconcilable. It attempted to throw a sop to the anti-vaccinationists and to the vaccinationists at one and the same time. As a result it violated the reasoning of both sides. If the anti-vaccinationists are right, enforced vaccination when there is smallpox is tyranny. If they are wrong the omission of vaccination until the smallpox appears is criminal carelessless. The Governor did well to keep such a self-contradiction from the statute book.

In signing the Moscrip bill repealing the section of the act which classifies postal mail clerks as railroad employes with respect to damages, accidents in and about railroad stations, the governor performed a just act. The repeal was a needed correction of a gross wrong. The provision that postal clerks should be subject to the fellow servant restriction was an injustice which should never have been incorporated into the law. Railway mail clerks are passengers. The government pays round rates for their transportation and they are entitled to the rights of passengers which this act will give them.

The ethics of home correspond in a large measure with ethics of society. All these virtues which are crowned jewels of the highest civilization have their inception in the home. The glory and charm of womanhood and manhood, the niceties of character which give distinctiveness and beauty to childhood and youth, the adjustments of personal and domestic relations within the home, the education of the impulses budding susceptibilities and growing powers of children all fall within tne powers of home ethics.

We have had several inquiries lately about the new bounty law passed by the last legislaure. The act provides for the payment of bounties for killing the following animals only: Wildcat, $4; fox, $2; weasel, $1; mink, $1. These bounties are to be paid by the county commissioners when proper proof is made. The act is very strict about the proof, which may be made before a justice of the peace. An appropriaion of $50,000 was made to reimburse the counties in the amounts paid out.

IGNORING GOSSIP.

A dearth of local news oftens leads to murmurs on the part of those who prize local gossip above all else, and it is not the fault of the publishers. Any live publisher will not fail to give all the local news worthy of note, therefore when the local department is short you should not fail at the editor, but remember you might have committed suicide, got married, quarrelled with your neighbor, stole chickens, let your team run away, or done a hundred other things to make a local item. If a newspaper should publish current street gossip or the hints and allusions of the best society in the community it would be ostracized and the poor editor would be horse whipped or burned at the stake. Think a minute of the mean and low things you say about your townsmen and your neighbor and imagine how it would look in print. Don't criticise the newspapers for what they print, but give them credit for what they don't print. A newspaper that contains one-half the gossip current among the best citizens, would be considered unfit to read. Honest!—Bellefonte Gazette.

"We cannot make little men great by making big men small," remarks Chancellor Day. This is probably one of the most significant rebukes that has ever been delivered to the professional "knockers." W. C. T. U. AT THE JAIL.

Wearers of the White Ribbon Conducted a Meeting.

The Woman's Christian Temperance Union of Bradford county held an evangelistic meeting in the jail Saturday afternoon at Towanda June 8, under the direction of county superintendant of jail work, Mrs. C. M. Bennett of North Towanda. There were over thirty in attendance from Liberty Corners, Sayre, Athens, Asylum and Towanda. They were cordially received by the attendants, Mr. Ward and Mr. Griffin, who summoned the prisoners to the corridor. Meeting opened by singing, "My Jesus I Love Thee," after which prayer was offered by Mrs. W. W. Dimmock of Liberty Corners and the one hundredth psalm read. Solo by Rev. C. C. Gustin "Your Mother is Praying for You." He also gave a few remarks that were timely, followed by testimonials from others which touched the hearts of those present to that extent that four raised their hands for prayer. Meeting closed informally after which literature and flowers were distributed and personal talks held with the prisoners which brought out many interesting facts. One prisoner made the remark to the county president who visited the jail last January that they believed every one there at that time was there through the influence of whisky. Statistics say that over ninety per cent. of all crimes committed come directly from the liquor traffic. Your reported believes that if one-half of the money used for prosecuting crime could b used for preventing it that the jails would soon be empty. * *

FIREMEN TOOK A RUN.

Small Blaze in Basement of Allen's Restaurant Caused Excitement.

Great excitement prevailed in Towanda for a few minutes Thursday when at 12 o'clock, noon, the fire bell sounded. The four down town companies responded quickly, and raced down Main street looking for the fire. A small blaze in the kitchen of P. J. Allen's restaurant on Park street, was the cause of the excitement, and about the time the fire bell had been rung the blaze had been quenched with a couple pails of water. No damage was done.

The alarm and response of the companies served to show that one thing greatly needed in Towanda is a system whereby the firemen can locate the blaze without running four or five blocks. Thursday the companies responded quickly and never made better time, but they ran directly away from the fire, not knowing where they were needed. The person who will originate a simple fire alarm system, which will stand a practical test, and one which will not need much study to remember, will do the town a great service.

An amusing incident in connection with run of the hose companies on Thursday, was the fact that Peter Allen, a member of the Franklins helped push the hose cart half way to Bridge street, looking for the fire when it was in the kitchen of his own restaurant.

VELEY HELD TO COURT.

Alleged Chicken Thief Held on Three Counts—He Seems to Be Wanted.

David Veley, the alleged chicken thief, was given a hearing before 'Squire Meredith Monday morning, on the charge of purloining choice fowls from the roosts of Mrs. Boyle, Mrs. Hawkins and Mrs. Howe, three ladies living in North Towanda, and was held to await the action of the next grand jury on the three charges. The justice fixed bail in the sum of $100 in each case or $200 for the lot, and being unable to secure a bondsman, Veley will wait in jail. District Attorney Mills represented the commonwealth. During the hearing it was brought out that Veley's right name is David Sanford Veley, but on different occasions he has used it partly and otherwise to suit the demands, having been known as David Sanford and D. S. Veley, the latter being the handle he used while in Towanda.

Constable Hollon is in receipt of letters from Muncy stating that Veley is wanted there for chicken stealing and for some unpaid bills.

O'Boyle Jailed on Bench Warrant.

Mike O'Boyle, a former resident of Towanda, who has been living at Sayre for the past few years, has been placed in the county jail on a bench warrant for contempt to court. O'Boyle was recently sentenced by Judge Fanning to pay a certain sum each week towards the support of his wife and children, but he failed to do so, virtually defying the law, by keeping shy of officers. On Monday Sheriff Griffin went to Sayre and accompanied by Chief Walsh they strolled down to the river where they found O'Boyle looking at the water. He was arrested and brought to the county jail by the sheriff where he will remain, untill sentenced by the court.

Teaching Corps Completed.

At an adjourned meeting of the Towanda Board of Education held Monday evening, Prof. Leon H. Russell of Rome, and Miss Alice K. Betts of Towanda, were elected High school teachers, thus completing the teaching corps of the Towanda schools. Prof. Russell has been teaching at the S. C. I. this Spring, and is an instructor of ability. His salary was fixed at $75 per month. Miss Betts the past year taught a very successful term or school near Philadelphia, and is a young lady in every way qualified for the responsible position to which she has been eletced. Her salary was fixed at $60 per month.

NEWS OF THE COUNTY SEAT.

W. C. T. U. MEETING.

Held in Towanda on Saturday Afternoon.

The regular monthly meeting of the Woman's Christian Temperance Union was held on Saturday afternoon in P. O. S. of A. hall with a good attendance. Opening exercises were conducted by the president, duet by Miss LaMont and Miss Alice Irvine of Liberty Corners, followed by a brief talk and prayers by Dr. Houghton. This being "flower Mission" day in the Union, a very pleasing program along that line was carried out, arranged by Mrs. Lundy, local superintendent of the work, which was as follows: recitation by Mrs. Loller of Monroeton; solo by Miss Irvine; reading and short talks by different members on the sweet influence of the silent messengers to those in prison, children in the city slums, in mission work, etc. One instance in particular of a man confined in a bastile, through the influence of a little plant, was brought to a serving knowledge of the God who made the plant.

The ninth of May is known to White Ribboners as Jenny Cassady day, it being the birthday of the first superintendent of the department of Flower Mission work. Her home was in Louisville, Ky., and her childhood was spent in a beautiful home surrounded by great wealth. At the age of eighteen she was thrown from a carriage and crippled for life. A young lady school teacher of Roxbury, Miss., conceived the idea of carrying a basket of flowers at the end of each week and giving them to the ragged children whom she met. "A simple act simply done." This story of the "simple act" of the young teacher found its way into the Kentucky home where a young life was imprisoned. Another thought was conceived by her to add a message of love, a motto or text of scripture attached to bunch of flowers sent out by her. On a visit of Miss Frances Willard to Louisville and becoming acquainted with her work arranged with her, and "Flower Mission Work" was made a department in the National Christian Temperance Union, and Miss Cassady superintendent of that department. After 38 years of suffering she was laid to rest and the children of the city erected a monument to her memory.

After the meeting was adjourned about 25 boquets and texts tied with white ribbon were sent to the sick and shut-ins of the town.

"Closed eyes cannot see the white roses,
Closed hands cannot hold them you know,
Breath that is stilled cannot gather
The odors that sweet from them blow.

Death with a peace beyond dreaming
Its children of earth does endow,
Life is the time we can help them
So give them the flowers just "now!"

The next meeting will be held on the third Saturday in July. Come and help in the good work.

BUSY TOWANDA FACTORY.

J. O. Frost's Sons Making 75 New Styles of Furniture.

One of the largest and busiest furniture factories in Pennsylvania is that of the J. O. Frost's Sons of Towanda, which is enjoying unprecedented prosperity. The big factory at the foot of Pine street at present employs steadily 125 workmen, a large number of them being skilled in the art of furniture making, and everything is booming in and about the place.

Wednesday afternoon, President Mix, of the Business Men's association, together with B. F. Myer, Ed. Whalen, D. T. Evans, M. M. Spalding, W. W. Rooker, M. E. Rosenfield, W. H. Smith, W. G. Gordon, and F. R. Prince, members of the association, were shown through the big factory by Ed. Frost, senior member of the firm of J. O. Frost's Sons, and they were surprised and pleased at the magnitude of the industry and the high quality of the goods being manufactured.

Seventy-five new styles of high-grade furniture are being manufactured, and a fine line of samples have been arranged for the exhibition at New York Exposition from July 15 to Aug. 3. The new styles include the latest creations in dressers, chiffoniers, sideboards, buffets, etc., many of them being exclusive. The new swell front style predominates and it is doubtless if a finer, better made or more handsomely finished line of furniture is manufactured in the country than that being turned out by Frost's Sons.

Bacon Property Bid In.

The Bacon property on North Main street, which was offered at public sale on Saturday, was bid in by the owner. There was a bid of $1,000 and rather than to let the valuable property go at that figure, it was bid in at $1,500 and remains in the possession of the owner. Morris Sheppard conducted the sale.

Change in R. F. D. Carriers Time.

Beginning Monday, the 17th inst., R. F. D. carriers Nos. 8 and 9, will leave the Towanda postoffice at 8 a. m., instead of 11 a. m., as heretofore. When this change is made all of the carriers on the R. F. D. routes from Towanda, except No. 5, will leave at 8 a. m. No. 5 will go as heretofore, at 11 a. m.

ST. AGNES SCHOOL COMMENCEMENT

Five Young People Graduated Tuesday Evening.

Three young ladies and two young gentleman came to the parting of the ways in St. Agnes school Monday and in the presence of a large assemblage of friends, received their diplomas and medals from Rev. Father Coroner and graduated with honors.

Spacious St. Agnes hall was well filled with a large and appreciative audience who greatly enjoyed the excellent program arranged for the commencement exercises. The program was a varied one, embracing some very pleasing numbers.

The graduates were Misses Loretta Buckley, Anna Lynch, Mary Burchill, and the Messrs. Charles Bustin and William Mahoney. Mr. Bustin was saluatorian and Miss Buckley was the valedictorian of the class. The essays and orations were especially good, showing keen perception and a wide range of knowledge on the part of the graduates. The musical numbers were excellent, and especially pleasing were the recitation of Mary Gray and Gertrude Lusch. The pantomime "Last Rose of Summer" by young ladies in costume, was very beautiful.

Altogether the commencement of 1907 of St. Agnes school compares very favorably of those of previous years and the sisters who have worked so faithfully in educating the young people who last night bid farewell to their school can feel justly proud of their graduates.

Following is the program of the commencement exercises:

The Banquet.

At the conclusion of the exercises a banquet was served in the dining room in the school building at which the graduating class, the school alumni, the teachers, Rev. Father Coroner and Rev. Father Bolan were present. The tables were tastefully decorated, and everything was in keeping with pleasant affair. Peter J. Allen served the banquet, the menu consisting of everything that is good and toothsome. An orchestra composed of music pupils and members of the alumni played for the entertainment and banquet, the music being one of the features of the evening.

Miss Pitcher's Will.

The will of the late Emma Pitcher of LeRaysville, has been probated, and the property, amounting to possibly $6,000, was willed as follows: To Miss Helen Howe of Orwell, who for years was her constant companion, one-third of all money held by her, and to E. L. Baldwin of Lestershire, N. Y., the two-thirds. To Mrs. E. J. Woodford of Candor, N. Y., the farm North of town and her interest in the real estate on Main street, comprising one-half interest in the store building and dwelling house and lot in rear of same. To the daughter of E. L. Baldwin the piano. To O. H. Chaffee, her guardian, the dwelling house on School street.—LeRaysville Times.

Have Good Positions.

Two more graduates of the Towanda Business college have secured good positions. Miss Catherine Griffin of Towanda, has taken a position as stenographer in the home office of the Prudential Insurance company at Newark, N. J., and Carlton H. Wood of Rome, has taken a postition as stenographer in the Lehigh office at Buffalo.

Funeral of Dr. Streeter.

The funeral of the late Dr. Luke P. Streeter was held in Towanda, at the home of Mrs. Decatur at the corner of William street and Mix avenue, Wednesday at 1 o'clock.

WANTED FOR HORSE STEALING.

Dave Veile, the Alleged Chicken Thief, Deeply Involved.

Dave Veile, the alleged chicken thief, now in the county jail, charged with looting three coops in North Towanda, evidently is a much wanted man, and before he is at liberty again will have to get out of some rather serious entanglements.

After the arrest of Veile at Sayre the other night, and after he was safely housed in the Bradford county jail, Constable Hollon while laboring under the impression that the prisoner was an old timer and probably wanted somewhere for other offenses against the law, wrote several letters to police chiefs in New York state. On Saturday he received an answer from the Corning chief, stating that Veile was wanted there for selling a stolen horse, having been indicted by the county grand jury two years ago, and that they would like very much hand something to him when Bradford county was through meting out justice for his chicken deals.

Exciting Runaway.

A team of horses belonging to and driven by George Bustin of Wysox township, figured in an exciting runaway Sunday afternoon, but fortunately no one was injured. The team was being driven down Lombard street, when at a point above Fourth, the neck-yoke gave way, allowing the tongue to drop, frightening the horses. They broke loose from the wagon and ran away, leaving the wagon loaded with several occupants standing in the road. The animals ran over the Third street bridge, down Chestnut street and brought up one on either side of a telegraph pole in front of the G. S. Smith property on the corner of William and Chestnut streets. One of the horses turned a complete somersault landing on its back on the lawn in front of the Smith residence. Neither animal was injured, and outside of a broken harness but little damage was done.

Sample Case Found.

The sample case containing jewelry lost by B. F. Miller and which was advertised in Thursday's Review, was found by Grant Holcomb, rural mail carrier out of Ulster. He found the case in the road at the head of the Ulster narrows, saw the adv. in The Review, communicated with the office and a half hour later Mr. Miller was en route to Ulster to reclaim his property. The roll and samples were valued at $200 and Mr. Holcomb the finder, as a reward had his choice of a $25 gold watch especially engraved with his name on the case, or a sum of money. He took the watch.

New Depot Opened Sunday.

The new Lehigh Valley depot and bridge at North Towanda was formally opened on Sunday. The last train to pass over the old bridge and to stop at the old depot was passenger train No. 8, on Sunday morning. The first regular train over the new bridge and to stop at the new depot was passenger train No. 4 Sunday afternoon. The new bridge has been thoroughly tested and when opened for traffic Sunday will be practically complete.

North Towanda Teachers.

The North Towanda school board at their last meeting elected the following teachers for the coming year: Miss Bertha Horton for the Grange school, Miss Hazel Vanloon for Pine, and Bertha Sluyter for the Pail Factory school.

FLAG DAY OBSERVED.

George Clymer Chapter, D. A. R., Celebrate Anniversary.

The George Clymer Chapter, D. A. R., was entertained on Friday last by the Misses Storrs, Standing Stone. The Stars and Stripes waved over the beautiful grounds as they were welcomed on that lovely June day to the hospitable "White House." The largest attendance of the year was present, with the Regent presiding.

The roll call was responded to by quotations fitting to Flag Day, and by original poems. Mrs. Williams rendered two solos, and Misses Storrs and Long an interesting duet. The regent, secretary, and other officers gave their annual reports, and the election of officers followed, with this result: Regent, Mrs. Simon Rendall; vice-regent, Mrs. C. L. Tracy; secretary, Mrs. Edw. Carter; corresponding secretary, Mrs. William Little; registrar, Mrs. J. W. Codding; historian, Mrs. R. A. Mercur; treasurer, Mrs. E. D. Rundell. Committee of Safety: Mrs. S. Rendell, Mrs. C. L. Tracy, Mrs. Edw. Carter, Mrs. William Little, Mrs. J. W. Codding, Mrs. R. A. Mercur, Mrs. E. D. Rundell, Mrs. E. G. Smith, Mrs. E. C. Macfarlane, Mrs. Mary Huffman, Mrs. M. M. Spalding.

The hostess served refreshments, and after spending a delightful day the chapter was adjourned to meet in two weeks with Mrs. Newell, at Dushore. Corresponding Secretary.

Purchased the First Ticket.

Miss Edna Keiper of White Haven, Pa., was the first person to say "ticket please" at the new Lehigh Valley station at Towanda. She had been visiting friends in Towanda, and was not aware that as she purchased a ticket for No. 4 to return home, she was playing an important part in the making of railroad history. Amateur photographers secured several pictures of Miss Keiper. Agent Bostwick stamped the first ticket sold. There was a large crowd present when passenger No. 4 at 1:12 the first regular train to pass over the new bridge and stop at the new station arrived. The first train over the new bridge was an emigrant train, early Sunday morning.

Fishing Party.

Mr. and Mrs. S. B. Eilenberger, Hon. and Mrs. M. E. Lilley, Miss Christine Eilenberger and guest, Miss Drennan, H. H. VanFleet and Walter Dayton formed a trout fishing party and spent Thursday at Eilenberger camp, near Wheelerville, on the S. and N. Y.

NIPPED IN THE BUD.

Italians Wanted to Strike on Saturday, But Officers Spoiled Plans.

Nipped in the bud was an intended strike and tie-up of construction work on the Lehigh Valley in this vicinity on Saturday, by a number of Italians who have been a little dissatisfied with the weather and other things in general for the past few days. The rain on Thursday started things when the 150 Italians forming the colony in East Towanda and who have been engaged on the grading of the new tracks and at the new bridge at North Towanda, were compelled to stop work on account of the downpour. They wanted pay for a full day when they only worked three-quarters, and when the timekeepers refused to allow it, ten or a dozen of them started things.

The dissatisfied ones were well aware that the Lehigh was anxious to open the new bridge on Sunday and that much work would have to be done on Saturday in order to attain that end, decided that a strike on Saturday would be the proper thing to bring the company to time. When the work train run down from the upper depot to East Towanda for the Italians Saturday morning to take them to the bridge, the dissatisfied ones formed into a firing squad and with clubs and stones, kept the other men from boarding the train to go to work.

Supervisor Kane was notified and he communicated with Sheriff Griffin and Constable Hollon, with the result that the sheriff, accompanied by Chief Miller, Constable Hollon, Harry Loomis, Leon Decker, and others as deputies went to East Towanda about 7:30 Saturday morning and it only required a little persuasion by the officers to quiet the unruly ones, after which the whole colony boarded the work train and a litle while later all were at work.

Towandians Honored.

The Sons of Veterans' band of 30 pieces of Watsontown, Pa., gave a concert on the lawn of I. C. Aldrich of that place before leaving for the encampment at Scranton, in honor of Miss Julia Aldrich and guest, Miss Helen Prince of Towanda. The Ladies' auxiliary of the S. of V. of which Miss Aldrich is a member, served ice cream and cake to a party of 50 following the concert. The affair was a complete surprise to Miss Aldrich and Miss Prince, it having been cleverly planned by members of the auxiliary and the band.

STATE'S DEATH ROLL

Preventable Diseases Killed 20,987 Pennsylvanians In 1906.

TUBERCULOSIS HEADS LIST.

Typhoid Fever Claimed 4,039; Diphtheria, 2,484; Whooping Cough, 1,683; Measles, 1,583; 2,336 Died In Railroad Accidents; 870 Committed Suicide.

Harrisburg, Pa., June 17.—Seven diseases that are preventable were responsible for 20,987 deaths in Pennsylvania during the year 1906, according to the records of the state department of health's bureau of vital statistics. There were 115,000 deaths in the state during that period.

Tuberculosis heads the list with 10,632 victims. There were 4,039 deaths from typhoid fever, 2,484 from diphtheria, 1,683 from whooping cough, 1,583 from measles, 525 from scarlet fever and 85 from malarial fever.

"When we consider," says Health Commissioner Dixon, "that during the year 1906 our state lost 10,632 lives from tuberculosis it will be seen how great a boon the legislature has rendered humanity in granting the appropriation totaling $1,000,000 to the department of health for its fight against the 'white plague.' As there are probably 100,000 persons in the state today suffering from tuberculosis, it will be appreciated that the war against this terrible disease is one that will require years of the hardest kind of fighting."

In 1906 the records of the department show that 2,336 people lost their lives by railway accidents. There were 870 suicides and 351 homicides. Cholera infantum claimed its usual harvest. During the hot months of the year 1,901 deaths occurred from this cause in children under two years of age, a striking illustration of the necessity for more thought in the hygiene and feeding of infants.

DIVORCE BAD AS MORMONISM

It Threatens to Wreck the Republic, Says Cardinal Gibbons.

New York, June 18.—"The reckless facility with which divorce is procured in this country," says Cardinal Gibbons in the July Delineator, "is an evil scarcely less deplorable than Mormonism—indeed, it is in some respects more dangerous than the latter, for divorce has the sanction of the civil law, which Mormonism has not. Mormonism consists in a simultaneous polygamy, while the law of divorce practically leads to successive polygamy.

"It is plainly manifest that the cancer of divorce is rapidly spreading over the community and poisoning the fountains of the nation. Unless the evil is checked by some speedy and heroic remedy, the existence of family life is imperiled. How can we call ourselves a Christian people if we violate a fundamental law of Christianity? And if the sanctity and indissolubility of marriage do not constitute a cardinal principle of the Christian religion, I am at a loss to know what does."

Transmissouri Land Congress.

Denver, Colo., June 18.—Called together for discussion of public land questions with a view to formulating a policy and urging legislation in accordance therewith, nearly 1,000 citizens, representing all the transmissouri states, met in convention in this city. From Washington came James R. Garfield, secretary of the interior; Gifford Pinchot, chief of the forestry department; F. H. Newell, head of the reclamation service, and R. A. Ballinger, commissioner of the general land office, representing President Roosevelt.

Massachusetts Railroad Consolidation.

New Haven, Conn., June 18.—The bill just signed by Governor Guild of Massachusetts authorizing the purchase by the Old Colony of the leased Boston and Providence road on consent of two-thirds of the stockholders of the selling corporation, it is stated in railroad circles here, is the first step toward the consolidation with itself by the New York, New Haven and Hartford Railroad company of its outlying railroad interest in eastern Massachusetts.

Schwab's Brother Married.

Cleveland, O., June 18.—The wedding of Miss Edith McGorray of this city to Professor Edward H. Schwab of Notre Dame university, a brother of Charles M. Schwab, took place at St. John's cathedral in the presence of only the immediate families of the bride and groom. The ceremony was performed by Father Cavanaugh, president of Notre Dame university.

Lafayette's Diamond Jubilee.

Easton, Pa., June 18.—The diamond jubilee exercises of Lafayette college were held in Pardee hall, which was not large enough to accommodate the crowd. Addresses were made by Professor James McKeen Cattell, Columbia university; Professor Hugo Munsterberg, Harvard, and Professor William B. Owen, Lafayette.

Neill Investigates Telegraphers' Kicks.

Washington, June 18. — Charles P. Neill, commissioner of labor, went to New York to make inquiries concerning the threatened telegraphers' strike. He is making the trip for the purpose of familiarizing himself with the situation before taking action. He was delegated by President Roosevelt to investigate the matter.

Connecticut Summer Hotel Burns.

North Woodstock, Conn., June 18.—Elmwood hotel, on Woodstock Hill, was burned to the ground, but through the great efforts of the people thereabouts the outlying buildings and Woodstock academy were saved.

NOTHING TO LIVE FOR.

Post Had Visited the Heavens and the Waters Under the Earth.

New York, June 18.—A suit for a separation and $500 a month alimony has been brought by Mrs. Augustus T. Post against her husband, the millionaire banker, motorist and aeronaut, as a sequel to her charges of neglect and cruelty which she made some two months ago. Coupled with this action Mrs. Post has planned to sue Mrs. Clapp-Ward, Mr. Post's sister, of Locust Valley, N. Y., for $100,000 for alienation.

Mrs. Post does not know the woman she is about to sue and has seen her only once, but she declares that the sister is entirely to blame for all the Post matrimonial troubles.

"I do not want a divorce. I shall never again marry," she said. "But I want enough from Mr. Post to live on, and I want the law to punish the woman who has come between us, even if she is his own sister.

"Brainstorms," Mrs. Post declares, "have been so plentiful in my experience with the Post family that they are no longer phenomena.

"My husband after going up in a balloon said, 'Well, now I've been to the heights of the heavens.' After going down in a submarine boat he said, 'Now I've been as far down as I can go.' Then he sprawled out on a couch and said:

"'I haven't anything more to live for. There's nothing above but clouds and air, and there's nothing down below but water and mud. This earth hasn't anything on me.'"

It is not upon any alleged eccentricities of this sort that Mrs. Post bases her application for a separation and alimony. She charges actual physical violence and neglect, but blames Mrs. Clapp-Ward for it all. No other grounds are quoted in Attorney Battle's claim.

Japan Subdues Formosa.

Victoria, B. C., June 18.—Advices from Formosa by the steamer Monteagle tell of brisk fighting between the Japanese and Formosan natives. The Japanese have organized drives with a daily extended line, gradually forcing back the natives, who hold three-fifths of Formosa and number 100,000. After months of guerilla warfare in which numerous camphor workers were killed the Japanese troops were systematically driving the natives into submission. Each advance is made permanent by the construction of roads, etc. To date 1,378 square miles have been covered in this manner. The natives are fighting desperately.

Two Suddenly Die In Depot.

Pittsburg, Pa., June 18.—Two sudden deaths of through passengers on the Pennsylvania railroad occurred at the Union station. F. F. White, aged sixty-five years, of 54 West Fortieth street, New York, dropped dead from apoplexy on a Pullman of the Chicago and St. Louis express, while on his way west. Mrs. Kate Thompson, aged sixty-five years, en route from Council Bluffs, Ia., to Elizabeth, Pa., died in the ladies' waiting room after alighting from the train. Both bodies were removed to the morgue.

Won't Enjoin Woodmen's Monument.

Denver, Colo., June 18. — District Judge Allen denied the motion for a temporary injunction in the suit of Mrs. Jessie Falkenburg Fallis against the head offices of the Woodmen of the World to prevent the erection of a monument to the memory of former Head Consul Falkenburg. Judge Allen rebuked the local lodge that supported the suit, declaring that it should never have been brought, but that the dispute should have been settled within the order.

Four Drowned Trying to Save One.

Seattle, Wash., June 18.—Five people—two sisters, a brother, mother and aunt—perished at Monohan, in Lake Sammamish. The dead: Antone Myer, thirteen years of age; Lizzie Myer and Ida Myer, sisters; Mrs. Myer, mother, and Mrs. John Herter, sister of Mrs. Myer. The four women lost their lives in a vain attempt to save the boy.

Fatally Burned Curling Her Hair.

Binghamton, N. Y., June 18.—While heating a curling iron over a lamp as she was dressing, Mrs. Earl Bogart received fatal burns by the sudden explosion of the lamp which deluged her with burning oil. The lower portion of her body and limbs were carbonized. The flames were extinguished with a small loss of property.

No More Life Insurance In Texas.

Dallas, Tex., June 18.—Following a conference at New York between directors of nonresident life insurance companies Maurice E. Locke, attorney for a majority of the more important nonresident companies, announced definitely that all the larger companies will withdraw from Texas on July 11.

G. B. Shaw and Mark Twain Meet.

London, June 18. — A number of friends and admirers met Mark Twain (Samuel Clemens) on his arrival here from New York. Among those introduced to the American humorist was George Bernard Shaw, the author, with whom Twain engaged in conversation for some time.

Vanderbilt Gives $100,000 to Vanderbilt.

Nashville, Tenn., June 18.—At the annual alumni dinner at Vandervilt Chancellor J. H. Kirkland announced a contribution of $100,000 from William K. Vanderbilt, grandson of the founder of the university.

AT HYMEN'S ALTAR.

WEDDED AT WAVERLY.

Several Couples Joined in Holy Wedlock the Past Week.

Waverly, the Gretna Green of this section, was the scene of an unusually large number of weddings the past week. Among those who were joined for life in that village from this section were the following:

DeGroff—Collins.

Laverne DeGroff of Athens, and Miss Edna Collins were married Wednesday evening at 8 o'clock, by Rev. G. A. Briggs, at the home of the bride's parents, Mr. and Mrs. George Collins, in Waverly, in the presence of 40 relatives and intimate friends of the contracting parties. Miss Pearl DeGroff, a sister of the bridegroom, was bridesmaid, and Charles K. Post of Sayre, was best man. For the present Mr. and Mrs. DeGroff will reside at the home of the bride's parents.

Luce—Lane.

Judson Luce and Miss Florence Lane, both of Eatonville, Pa., were married Wednesday afternoon at the Methodist parsonage by the Rev. Dr. Hill.

Davenport—Chase.

Charles Davenport and Miss Delia Chase, both of Litchfield, Pa., were united in marriage by Justice C. O. Hoagland, at his office in Broad street, Wednesday.

Titus—Coleman.

Guy W. Titus of Spring Hill, Pa., and Mrs. Jennie Coleman of Wyalusing, were married at the Methodist parsonage by the Rev. W. J. Hill, on Wednesday.

Arnts—Sturdevant.

Frank J. Arnts and Miss Mae E. Sturdevant, both of Laceyville, were married at the Tioga Hotel, Wednesday evening, by the Rev. George A. Briggs, pastor of the Baptist church.

Lundy—Clagett.

One of the pretty events of June took place at the home of Mrs. Jessie Clagett, Standing Stone, on Wednesday, June 12, when her youngest daughter, Verna Louise, became the bride of George S. Lundy, of Standing Stone. The ceremony was performed at high noon by Rev. Carl Councilman, pastor of the bride, in the presence of about 65 relatives and friends. Promptly at the appointed hour and to the strains of Lehengrin's wedding march, played by Miss Jessie Mitten Hurst, cousin of the bride, the bridal party entered the parlor and took their places beneath a canopy of evergreen and flowers. The bride was becomingly gowned in Persian lawn, trimmed with Valenciennes lace and medallions of white carnations. The house was tastefully decorated with evergreens and dog-wood blossoms. After the ceremony a sumptuous repast was served and the bridal couple left for Madison, Ohio, with a short stop-over at Niagara Falls. The esteem in which the young couple are held was forcibly demonstrated by the many handsome and useful presents which they received. Mr. and Mrs. Lundy will reside at Keene Summit, and have the best wishes of all who know them. Among the guests present were: Mrs. Jessie Clagett, Master William L. Clagett, Master Fred Clagett, Dr. W. L. Clagett, Master Ralph Clagett, Mr. and Mrs. T. S. Lundy, Mr. and Mrs. I. L. Watkins, Mr. and Mrs. M. H. VanNess, Mr. and Mrs. F. T. Clark, Mr. and Mrs. R. T. Hedges, Mr. and Mrs. F. C. Landmesser, Mr. and Mrs. Carl Councilman, the Misses Margaret and Anna Boyd, Mrs. O. E. Parker, Harold Brisker, Miss Dora Platt, Mr. and Mrs. J. W. Hurst, Mrs. J. H. Hurst, James L. Neely, Miss Jessie M. Hurst, Mr. and Mrs. William VanNess, Harland Schoonover, Miss Gertrude Robinson, Miss Alice Foley, Mr. and Mrs. Carmen, Mr. and Mrs. Herbert Landon, Miss Dorothy Landon, Edna VanNess, W. T. Mitten, Miss Mary Mitten, John T. VanNess, Charles Hunt, A. Frank Ennis, Mr. ann Mrs. B. S. VanNess, Newton B. Lundy, Miss Francis L. Jewell, Mr. and Mrs. M. V. Greening, Henry C. Fisher, Mrs. Louise C. Fisher, Mrs. Blanche Stephens, Messrs. Raymond and Fay Vannest, Verne Lundy, Miss Bessie MacMorran, Miss Mary F. Hurley, Marian Louise Kingsley, Mr. and Mrs. Corde.

Pardoe—VanGorder.

Miss Martha Frances VanGorder, daughter of Mr. and Mrs. F. L. VanGorder, of Monroeton, and Carl G. Pardoe of Renovo, were united in marriage Wednesday noon at the home of the bride's parents. The VanGorder home was tastefully and prettily decorated with flowers and potted plants, and everything was in keeping with the happy event. The bridal couple stood before an altar of evergreens and flowers, and there pledged their vows. Rev. W. S. H. Loller performed the ceremony, using the ring service. The bride was handsomely gowned in light blue pongee, princess style, and trimmed with point lace from the wedding gown worn by her grandmother. After the ceremony an elegant wedding dinner was served. The bride was the recipient of a large number of handsome and useful presents. After a wedding journey to Buffalo they will take up their residence at Renovo, where Mr. Pardoe is employed as a machinist. Among the guests from out of town was the groom's father, A. R. Pardoe of Indiana, J. W. Howie and Miss Anna Brooks of Saco, Dr. T. M. Arnot, East Smithfield, Mr. and Mrs. R. T. Davis, LeRaysville, Mr. and Mrs. J. E. Diffenbauch, and Mr. and Mrs. W. S. Diffenbauch of Overton, and Miss Anna Fellbush of Towanda.

Van Orman—Gorham.

A very pretty wedding was solemnized at the home of Mrs. Mary Gorham, in LeRaysville, on Wednesday evening, June 12, 1907, at 8 o'clock, when her daughter, Miss Grace, and Fred L. Van Orman were joined in the holy bonds of matrimony by the Rev. Johns of the Methodist Episcopal church, the ring service being used. At the strains of Mendelssohn's wedding march, played by Miss Lena Wood, the groom led his bride to the parlor, where potted plants, palms, ferns and lilies formed an embankment and arch from which was suspended a bell. Within this bower the bridal couple were pronounced husband and wife. The bride was attired in an embroidered white bastiste robe, while the groom wore the conventional black. After congratulations, dainty refreshments were served. The bride was the recipient of many beautiful as well as useful presents, attesting to the high esteem in which the young couple are held by their many friends. The bride has been a lifelong resident of LeRaysville, a member of the M. E. church since childhood, a member of the choir and a teacher in the Sabbath school, as well as a public school teacher for some time. The groom, a worthy oyung man, and his bride have the best wishes of a host of friends for their future happiness and prosperity in their wedded life. Among the guests from out of town were: Mrs. John Hosdowich and sons, Merle and Waldo, of Albany, N. Y.; Mrs. Noel Lane and J. F. McKean, Athens; Mr. and Mrs. M. J. Gorham, Towanda; Mr. and Mrs. Henry Walker, Nichols, N. Y.; Mr. and Mrs. James Wheaton and daughter, Nellie, Windham; H. S. Van Orman, Warren Center; Mr. and Mrs. R. J. Haney and daughter Mabel, Rushville; Miss Osee Beers, Gibson; Mr. and Mrs. L. W. Pratt, East Herrick; Mr. and Mrs. E. J. Barnes and daughter Grace, and Misses Mabel and Bessie Robinson, South Hill.

Havens—Parks.

Frances E. Havens and Edgar E. Parks were married at the home of the bride on Main street, Nichos, N. Y., Wednesday evening, at 8 o'clock. The house was tastefully decorated with vines, ferns, cut flowers and potted plants. Arthur L. Parks, a student in Syracuse University, a son of the groom, acted as best man, and Miss Carrie Bean of Nichols, as bridesmaid, Miss Gertie Gillen of Waverly, played the wedding march, and during the ceremony, which was conducted by Rev. C. L. Lewis of Nichols. Supper was served to about 70 guests, among whom were: Miss Ella Parks, Arthur L. Parks, of Syracuse; Harry Havens, Binghamton; Miss Edna Adams and Miss Frances Walters of Towanda; Misses Myrtie and Gertie Gillen, Waverly; J. B. Havens and daughter Florence, Mr. and Mrs. Leo Havens and daughter Myrtle, Daniel and Jessie E. Lenix, Milan; Mr. and Mrs. E. O. Havens, Elmira; Miss Anna Ellsbree, Athens, Mrs. W. E. Campbell and son Charles of Sayre. The gifts were many and beautiful; choice china, silverware, and furniture in abundance, showing the high esteem in which Miss Havens is held.

The bride and groom departed for their home amid a shower of rice, followed by old shoes and the best wishes of their many friends for a happy future.

Fowler—Kellogg.

A very pretty wedding took place Wednesday evening at 8 o'clock at the home of the bride's parents, Mr. and Mrs. Guy Kellogg, in Monroeton, when their daughter, Reta May, was united in marriage to George Austin Fowler of Taunton, Mass. The ceremony was performed under an arch of evergreens. Rev. W. H. S. Loller, pastor of the Methodist Episcopal church, officiated, the ring ceremony being used. Mrs. J. L. Rockwell played the Mendelssohn wedding march. About 50 relatives and friends were present. The maid of honor was Miss Blanche Kellogg of Dushore, cousin of the bride, who wore white persian lawn and carried blush carnations. The bride entered with her father, and wore a dress of white silk mull with a veil and carried bride roses. The groom was accompanied by his best man, Dr. Samuel M. Hinman of New York city. The house was beautifully decorated with evergreens and pink and white flowers, the color scheme, pink and white. The bride's table was trimmed with pink carnations. The bride received many useful and beautiful presents. The bride and groom left on the night train for a brief wedding trip. They will make their home at Taunton, where the groom holds a lucrative position as superintendent of a boys' club.

Mills—Schoonover.

At Waverly June 15th Silas Mills son of Mr. and Mrs. William Mills and Violet Schoonover, daughter of Mr. and Mrs. Lewis Schoonover, were united in marriage by Rev. R. R. Ross. The groom is employed by Depew & Harding as plumber. They are both highly respected young people of this place. They have many friends who will unite in wishing them many years of happiness.

ONLY ONE.

The Record in Towanda Is a Unique One.

If the reader has a "bad back" or any kidney ill and is looking for relief and cure, better depend on the only remedy edorsed by people you know. Doan's Kidney Pills relieve quickly—cure permanently. Towanda citizens testify to this. Here is a case of it:

Mrs. George N. Merithew of Hawes street, says: "In the Winter of 1906 I was taken with exceedingly sharp pains in my back and was unable to do the ordinary affairs of the house. When the attack was at its height our attention was called to the advertisement of Doan's Kidney Pills. Knowing that the trouble was caused by imperfect action of the kidneys a box of the remedy was procured for me at Dr. H. C. Porter & Son's drug store on Main street. I took them as directed. After a few days the pain in my back which had been severe disappeared and I felt better in every way. My opinion of Doan's Kidney Pills has been greatly strengthened since that time owing to the fact that I have heard so many people right here in Towanda who have used them and spoken of them in the highest terms of praise."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Posts, like the supply of wood for the kitchen stove, are the better for summer curing and drying.

A dose of epsom salts given in the cow's ground feed two weeks before she calves is recommended as beneficial by an expert veterinarian.

Fish never tastes so good as when caught on a day's outing and served hot from the frying pan within three-quarters of an hour after being pulled out of the water.

When a house is quarantined for smallpox, scarlet fever, or other contagious diseases, it is well to place the quarantine in such a way as to include the family dog and cat. These are often carriers of disease.

In addition to destroying large amounts of grain for the farmer, the rat is considered a prolific source in the spreading of contagious diseases among both men and animals.

In view of the present era of agricultural enlightenment, it goes without saying that to make the best success in agriculture one needs proper preparation and education, just as for the largest usefulness in other pursuits.

Frequent cultivation is not only best for the young orchard, but also for the block of young evergreens that has been set out for a windbreak. Sod-bound trees of whatever kind bake and dry out in the July and August sun.

It is a conviction that is every day forced home that the people who are most prone to bite like suckers on all kinds of confidence and skin games seldom read, or if they do read have no mental faculty for making deductions and applications in their own case.

From what may possibly be a plebeian and uncultured standpoint of floral beauty, it is hard to find any flowering tree or shrub that surpasses the Soulard crab just before it breaks into full bloom. In both fragrance and delicate coloring it is par excellence.

Both colts and boys are the more docile and well behaved if their training is taken up at an early stage in their careers. The unmanageable three-year-old and the boy at sixteen who knows no respect for legal or parental authority are the natural result of similar conditions of neglect.

Education is clearly misdirected when it tends to draw one away from interest and participation in the common things of life. Instead of putting one on a pedestal it should reveal to him inherent beauty in the lowly things of life and broaden his sympathies for and interest in his fellow men.

It is well to make inspection of the fruit and shade trees about the home and see that no clothesline or other wire or rope is allowed to get imbedded in the bark. Where it is found necessary to use such trees as posts it is well to use a broad strap or coarse rope to encircle the tree, so that the wire may not come in direct contact with it.

Wealthy apples taken from the bottom of a barrel, in which they were placed wrapped in pieces of paper last fall, on May 13 provided first class timber for fried apple sauce. A further fact that makes the showing a good one touching the keeping quality of the Wealthy was the fact that the vegetable cellar adjoined a furnace room and could not be kept as cold as was suitable for the apples.

The summer season is so short in the northern part of the corn belt that if the first crop of clover is allowed to stand until it reaches the best stage for hay the second growth often does not have a season sufficiently long in which to mature a crop of seed. If the seed is the main object in view, the first cutting for hay should be taken from the ground a week or ten days earlier than is customary when hay is the chief object.

Those growing alfalfa or planning to take up its culture should be in possession of bulletin No. 84, lately issued by the agricultural department at Washington, on "Grasshoppers as a Factor In Alfalfa Culture." Not only is the extent of the damage from this pest indicated, but best methods are discussed for counteracting their work. There are portions of the country where alfalfa culture is rendered practically impossible because of the grasshopper pest.

The top grafted tree in which the scion grows faster than the trunk may be helped considerably by taking a sharp knife and cutting through the soft outer bark in four or five places, beginning at the ground, holding the knife with point toward the center of the tree and cutting up perpendicularly to the point of union with the grafted section. This loosens the jacket, as it were, and enables the trunk to make a faster growth. This should be done early in the season, not later than July 15, so that the gash may heal perfectly before fall.

PACKERS AND COMMISSION MEN.

A question that very vitally affects the pocketbook of dairymen and stock raisers all over the country has lately been vigorously debated by the live stock commission men and packers of Chicago and some other market centers of the west—this as to who shall stand the loss of cows and heifers condemned as a result of the postmortem government inspection, which is made to ascertain the presence of diseased conditions. The packers with some color of justice hold that they ought not to be compelled to pay for carcasses of which they can make little use, while the commission men aver the contention of the packers is merely a pretext by means of which they hope to be able to postpone cash payments on all kinds of live stock until after the postmortem inspection, which would clearly put the commission men in a very embarrassing position as regards their patrons, who have heretofore been paid for their stock immediately upon delivery. If the difficulty were righted at its source, diseased animals should never be placed aboard the cars by the stock raisers, but as long as shipment on the hoof continues the problem cannot be solved in this way. The position the packers have taken, whether they are able to carry it in its entirety or not, will result in a sifting process in the local shipping yards. In times gone by anything that could stand on four feet and some things that couldn't were put aboard the cars, shipped to the packing houses and there in many cases worked up into foodstuff for the other fellow. But the recently enacted federal pure food law has changed all this, and the move the packers have made is simply an attempt to trace the evil back to its source.

A COLD STORAGE EXPERIMENT.

A cold storage experiment conducted by the Iowa experiment station in cooperation with the United States division of pomology during the past winter presents some results that will be of interest to apple growers. A number of varieties were put in storage about Oct. 1 under as nearly the same conditions of picking and packing as possible. They were taken out of storage May 7. It was found that the Wealthy, which is recognized as merely a fall and early winter apple, showed more sound fruit at the end of the period than Northwestern Greening, which is a strictly winter apple. The Black Annette, Grimes Golden and Sheriff were badly scalded, while the Canada Baldwin, Allen's Choice and Roman Stem were in fine condition, as were also the Scott Winter, Ingram, Nelson Sweet and some others. The intention is to repeat the experiment the coming season with a view to still further amplifying and verifying the results already obtained.

GRINDING CORN.

The Wisconsin experiment station has been conducting feeding experiments for the past ten years, and one point of interest which has been determined quite conclusively is the relative feeding value of ground and unground corn. The tests showed that grinding corn adds 6 per cent to its feeding value. That is, if corn is worth 25 cents per bushel, it is worth 1½ cents more if ground; if 50 cents per bushel, 3 cents more. In view of these figures the only other factor that needs to be considered is the cost of grinding, a matter which each feeder must figure out for himself. It was also determined in the conduct of the experiments that cornmeal was preferable to shelled corn when forced feeding or finishing was desired.

THE IDEAL AND PRACTICAL.

The question is being raised by some, and we believe with propriety, whether the type of corn that scores the highest and gets the prizes at the corn shows is at the same time the most practical for farmers to grow for feeding purposes. Agricultural colleges should look this matter up, as it is only when their work is practical that they have a claim upon state taxpayers for maintenance and support. In all too many cases the matter of size and prettiness of ear are given so prominent a place that not only does such type of corn ripen with difficulty in northern portions of the corn belt, but in some cases it does not possess so large a per cent of corn as with some of the smaller native varieties.

HARNESS OIL.

The following recipe is recommended for making harness oil: Take two quarts of fish oil, two pounds of mutton tallow, one pint of castor oil, one-quarter pound of ivory black, one-half pound of beeswax, four ounces of resin, one ounce of Burgundy pitch. Put ingredients into an iron kettle, place over a slow fire and boil and stir for half an hour. Let settle for fifteen minutes and then pour off all but the sediment into another vessel. Use cold. After oiling the harness wipe it off with a dry rag. Neatsfoot oil will answer if fish oil is not obtainable.

DIVERSITY OF CROPS.

The green bug pest, which this year is going to cost the farmers of the southwest hundreds of thousands of dollars, may, after all, prove a blessing in disguise if it drives them out of the grain growing, land skinning system of crop cultivation which is so generally followed. True, wheat, oats and other small grains constitute inviting crops to raise, because when once put in they require no further care until they are ripe, but the time is near, if not already here, when it will be necessary to diversify.

The nettle is a perennial and multiplies by root stock as well as by seed. For this reason the best and only effective way to get rid of it in lawn or garden is to dig it out root and branch.

While comparatively few people can attain to greatness in the generally accepted sense of the term, no one is so obscure but that he can be kind and good. And this, after all, is most worth while.

The dairy equipment is not complete without the right kind of a man to look after the cows.

It beats all how loath some people are to contribute to a really worthy cause, yet how often they will squander all kinds of money on fake schemes and blue sky ventures which are dishonest as well as unworthy.

Is the supply of wood for the kitchen stove next winter in full leaf now or drying out nicely during the warm months? While this is a question that may concern the good housewife more than yourself, it is none the less important.

Seldom will the cows get so full of grass during the day in the pasture that they will not eat a wheelbarrow of lawn grass between sundown and morning. This is particularly true during July and August, when the flies are bad.

A high tide of prosperity is indicated by the latest government fiscal report, which puts the per capita money circulation of the country at $34.16 for our 85,838,000 inhabitants, which is twenty cents per capita higher than any previous figure.

It should be a comforting thought for us common, everyday, workaday folks that he achieves the greatest success in life and contributes most to the sum of human happiness who serves his fellows best, an avenue of achievement which is open to all.

The first evidence that the anxious mother often has that her darling has acquired the going in swimmin' habit is when he comes home some evening with his shirt on wrong side out. This may be taken as prima facie evidence of guilt in spite of anything that Johnny may say.

In New York they propose to legislate the mosquito out of business, a recently enacted law providing that whenever it shall be decided by local sanitary authorities that an accumulation of water in which mosquitoes breed is a menace to health they may suppress or remove it at the owner's expense.

There has not been a spring in two-score years when the need of seed corn of the highest vitality was more urgent than it has been this year. We believe this will be shown as the season advances, the men who took especial pains in the saving and testing of their seed being the ones who will suffer the least from the late cold spring.

To prevent blight in potatoes they should be sprayed with the bordeaux mixture when they have reached a height of ten inches and at intervals of two weeks thereafter during the growing season, shortening the interval somewhat if the season is wet and muggy. If the potato beetle is doing damage, he may be fixed by putting paris green into the bordeaux mixture at the rate of one pound to about 150 gallons of the solution.

Theoretically as well as practically the best time for cultivation is shortly after a rain, which not only keeps the soil from baking, but makes it mellow, so that the moisture below does not evaporate quickly. This condition not only conserves available moisture in the soil, but permits of a free circulation of air through it, a point that is often overlooked. Weed killing is thus seen to be almost a secondary matter in the real philosophy of crop cultivation.

A few years ago a resident of Minnesota conceived the idea of starting a skunk farm, and, while his friends scoffed at him a good deal, he went ahead and made good money in the undertaking, succeeding so well that farms of a similar character were started in different parts of the country. The department of agriculture received numerous inquiries about the new industry and treated the matter as a joke, but has of late caused the skunk and skunk raising to be given a thorough investigation by its experts with a view to determining the economic aspects of the matter.

TAFT MAY NOT RUN.

Washington Hears He Will Quit Presidential Race.

ILL HEALTH ALLEGED CAUSE

Breakdown Out West Cited to Show That He Is Overworked Running the Philippines, the Panama Canal and the War Department.

Washington, June 18.—Rumors are afloat here that Secretary Taft is likely to withdraw from the presidential race on his return to Washington. His health is one of the reasons ascribed, it being doubtful whether he can stand the combined strain of making a fight for the presidency, running the Philippines, supervising the Panama canal management, heading the war department and acting as general adviser to the administration in all sorts of matters.

The secretary's breakdown at Fort Snelling is cited as showing that Mr. Taft is already overworked. Besides, he has never entered heartily into the presidential race and would far prefer the supreme court. It is understood there will be important conferences between Mr. Taft and some of his close advisers when he returns June 22, and it will be discussed whether it is worth while to stay in the field.

While the withdrawal rumors lack confirmation, it is known that Mr. Taft's lieutenants here are not encouraged over the outlook.

Elmira, N. Y., June 18.—The annual convention of the New York State Undertakers' association was opened here. W. J. Dargeon of New York city responded to Mayor Brockway's address of welcome. About 250 delegates from all parts of the state are in attendance.

Typhoid Epidemic In Pittsburg.

Pittsburg, Pa., June 18.—Typhoid fever is again epidemic in this city. Forty-one new cases were reported to the bureau of health during the past twenty-four hours, and since June 1 there have been 228 cases. The disease is said to be of a more virulent type than last year, and the mortality is greater.

Legislature Temporarily Adjourns.

Albany, N. Y., June 18.—The senate took a recess until Thursday at 3 p. m. The assembly adjourned overnight without doing any business. Assemblyman Rogers of Broome said that in the absence of a quorum he would object to the passage of all bills. This resulted in all bills being put over.

Croker's Horse Fifth.

Ascot, June 18.—In the Trial stakes at Ascot, for three-year-olds, distance 7 furlongs and 166 yards, Dean Swift was first, King Edward's Slim Lad second and Eastern third. Richard Croker's Juliet II. was fifth.

Switch Opened by Boys.

New York, June 18.—Officials of the New York Central railroad have advices from Columbus, O., which they say indicate that the open switch which wrecked the Big Four express No. 19 at North Columbus, O., was thrown open by a gang of boys.

NOTICE TO CONTRACTORS FOR BRICK PAVEMENT IN TOWANDA, PENNA.

Sealed bids or proposals will be received by the Borough Secretary, Mr. W. E. Lane, or the Borough of Towanda, at his office in said Borough, until seven o'clock P. M., on Tuesday, the 25th day of June, 1907, for the entire work and material necessary to construct about 3000 square yards of brick pavement, with broken stone foundation, sand cushion, sand filler, and resetting about 800 ft. of curb, on Main street, from the South line of Court street to the North line of State street, in said Borough of Towanda, Pa., complete and ready for public travel, in accordance with the specifications which may be obtained on application to the Secretary of the Town Council.

The bids will be opened and read at a meeting of the Town Council, to be held for that purpose the same evening and the contract awarded to the lowest responsible bidder, as soon thereafter as the Council may decide. The right is, however, reserved by said Town Council to reject any or all bids, as may be deemed for the best interest of the Borough.

Bidders must state in writing also in figures, the price per lineal foot for curb reset, and the price per square yard or brick pavement complete and ready for travel. They shall also state, in their proposals, their names and places of business or residence, and the names of all persons associated with them in business.

As a guarantee of good faith on the part of the bidder, each proposal must be accompanied by a properly certified check for the sum of $500, made payable to W. E. Lane, Secretary of the Town Council, which sum is to be forfeited to the Borough of Towanda as liquidated damages, in case of the failure of the bidder to execute contract and bond, with approved security, within ten days after notice by said secretary of the acceptance of the bid, and the readiness of the contract for signature. Proposals without properly certified checks will not be considered. All certified checks sent in by bidders will be returned to them within 30 days after the opening of the bids, except where the same shall have been declared forfeited as provided above. Each proposal shall be marked, "Brick Pavement, Towanda Borough," and addressed to W. E. Lane, Secretary, Towanda, Pa.

NEW YORK FASHIONS

5674 Empire Jacket, 32 to 40 bust.

Pattern For Empire Jacket Designed by May Manton—No. 5674.

All sorts of periods have been called upon to contribute their share to the making of spring styles, but empire features may be said to predominate. Here is one of the newest and smartest little coats, which gives the short waist line that is characteristic of the empire styles and which is jaunty in the extreme. It is made of chiffon panama cloth, with trimming of handsome banding and buttons, but it is adapted both to the separate wrap and to the costume and consequently is suited to every fashionable material, not alone to the suitings, but also to the silks and lightweight cloths that make such satisfactory jackets for general wear.

The jacket is made with fronts, side fronts, back and side backs and with the circular and plaited peplum portions that are joined to it beneath the trimming. There is a choice allowed of elbow or full length sleeves, and the elbow sleeves are finished with roll over cuffs.

The quantity of material required for the medium size is 4¼ yards 27, 2 yards 44 or 1⅝ yards 52 inches wide, with 3½ yards of banding.

Sizes for a 32, 34, 36, 38 and 40 inch bust.

LIGHTNING BUG LAMPS.

Syndicate Has Scheme to Light Towns Very Cheap.

The following special to the Philadelphia papers on Wednesday, is of great interest, especially to Towandians:

Cherry Ford, Pa., June 10.—Lightning bugs may be utilized in illuminating several villages near here.

There is a proposition made by a syndicate to furnish 80-candle power lightning bug lamps for a moderate cost, and the plan seems to be looked upon with favor.

The plan is to send to Brazil, where the bugs grow to enormous size, and incase in a globe similar to the incandesant electric lamp. These bugs emit a steady glow, and the life of the lamp is guaranteed to be 115 hours.

Ordinarily the light is of a bluish hue, which is hard on the eyes, and this has been remedied by employing yellow glass in the lamp, which neutralizes the blue rays and gives forth a soft glow, not unlike sunlight.

During the day the bugs sleep, and thus stores up energy for the night. It is said that the supply of this very useful bug is inexhaustible in South America.

Easy to Find Them.

How often one is at a loss to find the postoffice or R. F. D. address of some one in the county with whom they may have urgent business. May possibly know the township he lives in but that does not answer the purpose. If you have the new county directory in your office or home you save much time and worry. From this book you get the name, business, postoffice and R. F. D. address of every person in the county. Have you placed an order for one of these valuable books, If not, why not? Contains about 800 pages, map in black and white with red lines showing the R. F. D routes, and costing you only $3.50. You would not take twice the amount after you have had it a while if another could not be purchased. Drop a postal at once to Charles W. Walton, 13 Locust street, Athens, Pa., who is the authorized representative West of the river for the Bradford County Directory Company of Towanda.

Graduated and Won Atheletic Honors.

To graduate with a high standing in the class and win two high honors as a college athlete is not the rule in the big universities, and but very few students have succeeded in accomplishing this difficult task. Rodney A. Mercur, Jr., of Towanda, is one of the very few, and the first from Bradford county to win such distinction. He has graduated in the class of 1907 at Lehigh University at South Bethlehem, completing his course in mechanical engineering with a high average, and in addition was awarded two L's, one for his ability as a football player and the other for his excellent work on the lacrosse team. He was the only man at Lehigh to thus distinguish himself this year.

Celebration at Ulster.

There will be a great time in Ulster July 4, as the Hiawatha Athletic club of that place will run a celebration. Two fine base ball games—Hiawatha A. C., of Ulster, vs. Canton, at 10 a. m., and 3 p. m. Ulster has the fastest team in the history of that lively little place, while Canton has a paid team and have a number of college stars. Public dance during afternoon and evening, Dayton's celebrated orchestra will furnish music. Fantastic parade led by the Ulster band at 2 p. m.; band concert during ball games and evening. Watkins grove has been rented and there will be a fine place for picnic dnners, etc.

Automatic Mail Carrier.

A Corning man, Ralph M. Bartholomew, is the inventor of an electric device which he believes will greatly improve the rural free delivery service and do away with the hundreds of carriers. Small mail cars are to run on wires at a convenient height propelled by electricity at a speed of 25 miles an hour. It is so designed that it will automatically collect and deliver mail at all places en route. As for the danger of robbery en route, the inventor claims that this mail car is as good as a safe. The device is patented and Mr. Bartholomew hopes to be able to get the government to adopt it.

DR. KENNEDY'S FAVORITE REMEDY

is backed by over 30 years of remarkable success in the cure of Kidney, Liver and Blood troubles, and the diseases peculiar to women. Not a patent medicine, but a prescription used by Dr. David Kennedy in his large and successful practice long before he placed it before the public. The formula is in keeping with strict scientific principles, and many physicians of the highest standing have prescribed Dr. David Kennedy's Favorite Remedy for their patients. This statement can be proved absolutely. We have never claimed that Favorite Remedy will cure all cases of Kidney, Liver and Bladder diseases and associated ailments, but the fact remains that it has cured many cases practically abandoned by physicians.

Do you suffer from any dangerous symptoms of Kidney, Liver and Blood troubles? Have you pain in back, cloudy urine with sediment, pain in passing water, constipation, skin eruptions, etc.? If so, don't delay, but use Dr. David Kennedy's Favorite Remedy at once. You may have a sample bottle and booklet containing valuable advice mailed absolutely free by simply writing Dr. David Kennedy's Sons, Rondout, N. Y. Mention this paper. Large bottles $1.00, at all druggists.

REIGN OF ROBBERY.

R. H. Miller's Store at Holiday Entered by Thieves.

Chief of Police Miller on Friday received a telephone message from his brother, R. H. Miller, who conducts a general store at Holiday, Tioga county, stating that some time Thursday night burglars entered the place and ransacked the money drawer. Nothing of value was secured but a number of old coins and curios. In the lot was a ten-cent piece with the letters "J. L. R." engraved on it and by this it is hoped to trace the burglars. Mr. Miller is also postmaster at Holiday, and the postoffice is located in the store, but the thieves did not molest anything in that department.

This is the sixth burglary to take place in Tioga county during the past two weeks. As a protection against thieves only a few days ago Mr. Miller purchased an automatic Winchester rifle, and kept it close at hand but the burglars were smooth enough to get in and out of his store without arousing anyone.

Crum Acquitted.

George E. Crum on Tuesday morning, under the advice of the court at Owego, was acquitted by the jury of the crime of grand larceny in the second degree. Crum, it will be remembered, was brought from Los Angeles, Cal., by Sheriff Parmelee, charged with having sold to F. G. Thurston and G. W. Sweet of Owego, timber on a 20-acre lot in Windham Center, Pa., said lot having at the time been owned and also mortgaged to two other persons. When the supposed owners of the timber began cutting they were forbidden by S. K. Osborn of Athens, who was also found to hold a mortgage and Crum soon found himself in hot water. He was brought back from Los Angeles, but the jury acquitted the defendant, under the instruction of the court, upon the ground that there was too great a variance between the allegations in the indictment and the essential proof, after the defendant had been examined by his attorneys and District Attorney Wallis, following the completion of the people's evidence.

Going Back Some.

"I am past 80 years old and can go back before railroads, before telegraphing and telephones," writes M. W. Hazleton to the Oneonta Herald. "I was six years old when the first passenger train ran from Albany to Schenectady, this was in 1832. 'The cars were made like old stage coaches one seat at each end and one in the center. The railroad company sent a man on horseback ahead of the train to tell the people to keep off the track or they would all get killed. He ran his horse five miles, then changed for the next five miles, and the third horse went through.'

Working for the Hospital.

The Wysox-Rome Auxiliary of the Packer hospital met with the Ulster-Sheshequin auxiliary at the home of Hon. Louis Piollet in Wysox, on Wednesday. The Wysox-Rome division has a membership of 42, and all together there were 75 lady workers for the hospital cause in attendance at the meeting. Mrs. Piollet served them with an elegant dinner, and the meeting was both enjoyable and interesting.

Sayre Bonds Partially Sold.

The proposition confronting the Sayre town council as how to best float the $25,000 of bonds recently issued was partially solved Tuesday morning when M. H. Sawtelle, cashier of the National bank of Sayre, bought $10,000, and advised the members of the finance committee that he probably would be able to take the entire issue when ready to deliver, which will not be until Sept. 1.

The Oldest Soldier.

The oldest enlisted man on the rolls of the United States army is Sergt. David Robertson of the hospital corps, stationed at Governor's Island. He is a native Scotchman. He first enlisted May 27, 1854, and has been in continuous service, having the extraordinary record of never having lost a day. He is 74 years old.

The Gamble annual reunion will be held at Woodland Park, Welsboro, on July 3. All relatives are urged to be present. T. A. Gamble, president; Lloyd Gamble Cole, secretary.

TROY MAY LAND NEW GRANGE BANK

Majority of Grangers Present at Troy Meeting Favor that Village

ONE FOR NEW ALBANY ALSO.

Towanda May Be Chosen for the Location of the Third, if Three are Deemed Necessary in the County—Plenty of Funds in Sight.

The Troy Gazette-Register says: A largely attended meeting was held at the court house in Troy Wednesday of subscribers to the stock of a Grange National bank or banks in Bradford county. The meeting was called to order about 11 o'clock by John Coney, when State Master Hill was chosen chairman and Austin Leonard of Troy, and C. M. Homet of New Albany, secretaries. Superintendent of the banking department of the State grange, McHenry, addressed the meeting at some length upon the object of the gathering—location, name, choice of directors, capitalization, etc.

When a vote was taken on location Troy prevailed over Towanda about seven to one. The subscribers seemed to be unanimous in fixing the capital stock at $50,000 for the bank there. A resolution to locate smaller banks, capitalized at $25,000 each, at New Albany and Ulster, did not prevail. It was practically decided, however, to locate one other bank in the county at New Albany. A meeting will be held there next Thursday to that end. Towanda with $50,000 capital, seemed to be in favor over Ulster for a third, if it shall be thought best to establish three. Mr. McHenry said at present there is but one bank to 5,500 population in this county, while in his own county of Columbia there is one to 3,500. There must be people to insure the success of any bank. Institutions of this kind depend for success upon a multiplicity of small depositors rather than upon a few large accounts.

John Coney was chosen to receive preliminary payments on stock. This money is to be deposited in four Grange banks already in existence and will draw interest at 2 per cent. until the Troy bank shall be ready for business, probably some time in September. The balance of the funds will then be called in—$100 for each share of stock and $10 surplus on each share.

Mr. McHenry's strong recommendation that the new bank be known as the Grange National bank of Bradford county, was received with much applause, and the new bank was so named. The subscribers pledged themselves not to sell their holdings of stock without first offering them to the bank at their book value—$110 a share plus undivided profits. Failing to sell to the directors at any time he may sell to an outsider. No one is allowed to hold more than ten shares. The roll was called of stockholders and they answered in which bank they wanted stock—Troy, New Albany or Towanda. Of those present fully three-fourths replied Troy. It is probable, therefore, that the Troy bank will be over subscribed and the issue of stock to all save directors who must have ten shares each, will be scaled down. Not, however, until the situation has been more thoroughly canvassed at Towanda and New Albany.

Messrs. McHenry and Hill were permitted by special resolution, to subscribe for ten shares each, and they were made directors. To fill the quota of 11 with which it is proposed to start, the following were elected directors by aclamation: E. E. Van Dyne, George C. Cornell, Austin Leonard, J. C. Robinson, F. E. Van Dyne, Troy; G. N. Hubbard, Springfield; D. A. Kingsley, Smithfield; Oliver Besley, Columbia; George Lewis, LeRoy.

The number of directors may be increased to 15 or decreased to nine. The president and vice-president are chosen from their own number and serve without compensation.

The directors will meet June 24 to choose these officers, select a cashier, provide a home for the new bank either by building or lease, etc.

On resolution by Mr. McHenry, provision was made for frequent special examinations of the bank and reports upon its condition in writing to the directors by a special Grange examiner, at a cost to the bank of not to exceed $300 a year.

A set of by-laws submitted by Mr McHenry was adopted.

Notary Public F. W. Hovey, was called in at the close of the meeting and swore in all of the directors present.

Mr. Coney received quite a large amount of stock before the subscribers left for their homes.

A list follows of the subscribers to the stock and the number of shares subscribed for by each: F. E. Shoemaker, 10, Granville Summit; Dr. B. W. Genung 5, Robert A. Saxton 5, S. J. Officers Elected.

The Wyalusing Percheron Horse company, organized one year ago, held its first annual meeting at the Hotel Middendorf in Wyalusing, on June 8. This company comprises the best business interests of that section of the county. The officers for the last year were re-elected as follows: President, L. H. Marsh; secretary, G. M. Lyon; treasurer, S. M. Wells; board of directors, J. G. Kerrick, president; Thos. Fitzgerald and J. H. Howard. It is claimed for the company their famous stallion, Ontario, 41070, is the best sire in this section of the state, if not in the whole state. His progeny uniformly commands the admiration of all. The company reports very liberal patronage and a very successful year, of which the satisfied customers are the best evidence.

Saved by Ice Cream.

A three years old son of Cyrus Bogart of Waverly, on Friday ate a dish of ice cream and a few minutes later found a bottle of ammonia in the yard and took a drink. His mouth and throat were badly burned but the stomach was saved from injury by the fact that the butter from the ice cream, coated the stomach lining and the ammonia took no effect because of the grease. The boy will suffer but little from the fearful dose where if it had not been for the ice cream the doctor states, he would have died.

Appointed Fruit Inspector.

D. A. Knuppenburg, of Lake Carey, has been appointed by the Department of Agriculture of the state as fruit inspector for this section of the state. His duties are to watch out for San Jose scale and other pests and advise with the department concerning their treatment. Any discoveries of that sort will not be made known to the general public for the reason that many fruit growers might object.

Will Meet in Athens Next Year.

At the State convention of Universalists at Titusville, on Thursday, Athens was chosen as the place for holding next year's convention. F. H. Johnson of Athens, was elected president of the State organization, Chas. L. Tracy of Towanda, a trustee, and Rev. Herbert H. Graves and M. J. Long, also of Towanda, were elected members of the fellowship committee.

Off to the War.

William Lamphere of Wysox, has enlisted in the service of Uncle Sam, and in a few days will be off to the war. He will be sent to Troop L of the Eighth Cavalry stationed at Fort Meade, South Dakota. Sergeant Sexton, in charge of the Towanda recruiting office, is very anxious to enlist men for the service in Cuba, the island of possibilities.

Trolley From Chemung to Waverly.

After a long delay the town board of Chemung has finally granted a franchise to the Elmira, Corning and Waverly trolley company to lay its tracks on the highways of that town. This obstacle having been removed the road will now be speedily put in operation between Chemung and Waverly.

Troy Lost.

At the track meet at Troy on Friday between teams representing Cook Academy, of Montour Falls, N. Y., and the Troy High school, the former won by three points, they scoring 60 Troy's 57.

The Song of the Hair

There are four verses. Verse 1. Ayer's Hair Vigor stops falling hair. Verse 2. Ayer's Hair Vigor makes the hair grow. Verse 3. Ayer's Hair Vigor cures dandruff. Verse 4. Ayer's Hair Vigor makes the scalp healthy, and keeps it so. It is a regular hair-food; this is the real secret of its wonderful success.

BACCALAUREATE SERMON.

Delivered By Rev. Edwin A. Gernant Sunday Evening.

With Philippians 111:12 as the text, Rev. Edwin A. Gernant in Christ Church last evening, delivered to the graduating class of 1907 of the Towanda High school, a powerufl sermon, a discourse brilliant, learned and teeming with good advice and gentle admonition. The beautiful church was well filled with an audience of Towanda people, including relatives, friends and well wishers of the young people who are nearing the end of school life.

The usual impressive Episcopalean service was enhanced by special music, sweet singing by the vested choir under the direction of Mrs. Gernant, who is officiating as organist temporarily. The graduates occupied the front pew, with their parents and relatives in the next front rows. The scene was unusually beautiful and left deep impress upon the congregation.

Red Men Flourishing.

The 58th session of the Great Council of Pennsylvania of the Improved Order of Red Men convened in Lancaster on Tuesday. Two hundred and fifty of the 480 tribes in the state were represented. In the report of the committee on returns and reports, is given the following statistics: Number of tribes in the state a year ago, 446; present number, 480; membership last year, 69,359; increased membership, 82,771; loss by death, suspension and other causes, 8,949; present membership, 73,822; total receipts of all the tribes, $656,512.02; expended in relief of members, 226,769.57; on members' funeral benefits, $52,847.61; on wives of members, $15,486.50; expended for other purposes, $265,822.53. There is $140,324.52 in the tribal treasuries, and the tribes have invested $1,004,771.89; value of paraphernalia, $167,075; total worth of tribes, $1,312,171.41; increase in the worth of the tribes the past year, $142,43.60.

What a Railroad Commission Can Do.

The officials of the Lehigh Valley railroad decided to abandon several stations along their line in New York, on the plea that the patronage did not warrant their stopping trains at the points named. Residents who found they were to be compelled to go out of their way to reach trains at other points appealed to the State Railroad commission and the railroad company received notice that trains must stop at these points as before. If there had been a Pennsylvania railroad commission when Niles Valley and Crooked Creek stations were given up some of the recidents along that line might find it easier to travel now.—Wellsboro Advocate.

Nominee Mitchell's Expenses.

H. K. Mitchel, Esq., the successful candidate for the Republican nomination for district attorney, has filed his expense account with Prothonotary Gordon. It cost him $276.46 to secure the nomination.

LUTHERS MILLS.

There will be a steward's meeting at the church Thursday at 2 o'clock. All stewards are urged to be present.

Hazel Alexander of Sayre, is visiting relatives here.

Miss Aseneth Lane is home from Mansfield.

Frank Mead and wife and son Stewart, of Athens, were guests at G. F. Rockwell's Sunday.

Mrs. Wal Lewis and son Walter, of South Dakota, arrived here Saturday for a few weeks' visit with her sister, Mrs. George Haight. It has been 17 years since Mrs. Lewis was here. Their sister, Mrs. Luna Sinclair, who is convalescing from an operation performed at the City hospital at Binghamton, expects soon to join them.

Preparations are being made for the annual Fourth of July celebration at this place.

Allen Rockwell and Helen Mathers are visiting at Athens and Sayre.

Hayashi at Mukden.

Mukden, June 18.—Viscount Hayashi, foreign minister of Japan, who regards the new administration of Manchuria which is the outcome of Baron Komura's mission to China in December, 1905, as the medium of a settlement of existing differences between China and Japan, followed the viceroy of Mukden here, and the two held a long consultation at Haushi Chang. In regard to Japan's position and policy in Manchuria, Viscount Hayashi said to a correspondent that he regretted many incidents which had taken place during the military regime, but expressed a willingness to accede to China's just claims.

Peace Delegates Meet In Secret.

The Hague, June 18.—The next session of the peace conference for the completion of organization, etc., will be secret, and the question of publicity at the future plenary sessions probably will then be definitely decided. It is practically certain that M. Bourgeois and Professor de Maartens will be chosen presidents of two of the four general committees, and Count Tornielli and M. Beernaert, if the latter's health will permit, probably will be the other two. General Horace Porter will be named honorary president of one of the committees.

Shot by Rejected Suitor.

Pocomoke City, Md., June 18.—Miss Bessie Lambertson, daughter of John Lambertson, a well known farmer of Worcester county, was shot by Lodie Davis, a rejected suitor, and is in a precarious condition. Davis afterward committed suicide, his body being found near the place where he attacked Miss Lambertson with a bullet hole in the breast.
